COMMISSION CHAIRMAN  
RICHARD DAY

EXECUTIVE DIRECTOR  
TIMOTHY D. DESCHAMPS

May 18, 2017

City of Marlboro  
Health Department  
Marlboro, MA 01752

Central Massachusetts Mosquito Control Project personnel will be in your community to respond to residents' concerns about mosquitoes in their area on the following dates in May/June:

**June 1, 7, 14, 21, 28**

**Any dates in May are very tentative**, and all dates are subject to change due to weather conditions, mosquito populations, mosquito virus activity and/or special event spraying. This program will shut down when cool night time temperatures become predominant in the area. A detailed notice about our spray schedule is posted on the CMMCP phone system after 3:30 p.m. each day, and it is also listed on our website at <http://www.cmmcp.org/pesticide.htm>.

Requests for service may be recorded by calling the CMMCP office at (508) 393-3055 between 7:00 AM - 3:30 PM, Monday through Friday, or logging on to <http://www.cmmcp.org>. Results of these requests may initiate an application of mosquito insecticides to defined, site-specific areas of town. Such an application may be accomplished by using hand or truck mounted equipment depending on the extent of the application.

Per 333CMR13.03(1)(a): "Wide Area Applications of pesticides and mosquito control applications of pesticides approved by the State Reclamation and Mosquito Control Board shall not be made to private property which has been designated for exclusion from such application by a person living on or legally in control of said property." Notices were sent to all City and Town Clerks on January 20, 2017 to alert them of changes to the pesticide exclusion process; CMMCP will continue to accept exemptions during the year following the process outlined here: <http://www.cmmcp.org/exclusion.htm>.

Please list this information in the local newspapers and on the local cable access channels if possible. Thank you for your assistance.

Sincerely,

*Timothy D. Deschamps*

Executive Director

RECEIVED  
CITY CLERK'S OFFICE  
CITY OF MARLBORO  
2017 MAY 22 A 10: 02

DATE: May 16, 2017  
SUBJECT: Upcoming mosquito season  
TO: CMMCP member cities and towns  
FROM: Timothy Deschamps, Executive Director

The Central Massachusetts Mosquito Control Project has been treating areas throughout your community where mosquito larvae are found. These inspections of larval mosquito sites will continue throughout the summer month. We have also begun a preemptive program of catch basin treatments where West Nile Virus was found last year to reduce *Culex* mosquito populations.

Warming temperatures coupled with standing water from spring rains have resulted in the season's first emergence of adult mosquitoes. CMMCP is prepared to begin limited adult mosquito spraying on or around Memorial Day, weather permitting (night time temperatures and wind are the limiting factors this time of year). The Ultra Low Volume Spray operations for adult mosquitoes will be conducted in residential areas by **request only**, and only after an investigation has confirmed the existence of mosquitoes has exceeded a pre-determined threshold. The spraying is done after sunset utilizing hand-held or truck mounted sprayers.

Spray schedules have been mailed to Town/City Clerk; Health and Police Departments, and are on our website here: <http://www.cmmcp.org/pesticide.htm>. Specific information is also on our phone system after 3:30pm each day. These dates are subject to change due to inclement weather and/or high mosquito populations or virus identification. Anyone who wishes to have their property **excluded from spraying** should follow the process outlined here: <http://www.cmmcp.org/exclusion.htm>

We are continuing with our goal to reduce the need for adult mosquito spraying. We have placed an increased emphasis on larviciding, water management, source reduction and public education.

Please feel free to contact our office if we may be of assistance to you.

(508) 393-3055 Monday-Friday 7:00 AM to 3:30 PM

*Thank you*
