Central Massachusetts Mosquito Control Project personnel will be in your community to investigate resident's complaints about mosquitoes on the following dates in July/August:

August 2, 9, 16, 23, 30

The above dates are subject to change due to weather conditions, mosquito populations, mosquito virus activity and/or special event spraying. This program will shut down when cool night time temperature becomes predominant in this area. A detailed notice about our spray schedule is posted on the CMMCP phone system after 3:30 p.m. each day, and it is also listed on our website at [www.cmmcp.org/pesticide.htm](http://www.cmmcp.org/pesticide.htm).

Complaints about mosquitoes may be registered by calling the CMMCP office at 508-393-3055 between 7:00 AM - 3:30 PM, Monday through Friday or logging on to [www.cmmcp.org](http://www.cmmcp.org). The results of an investigation may warrant the use of a mosquito insecticide to defined, site-specific areas of the town. Such an application may be accomplished by using truck mounted equipment.

Per 333CMR13.03(1)(a): "Wide Area Applications of pesticides and mosquito control applications of pesticides approved by the State Reclamation and Mosquito Control Board shall not be made to private property which has been designated for exclusion from such application by a person living on or legally in control of said property." Notices were sent to all City and Town Clerks on March 30 and to all 2016 listed exclusions on April 14 to alert them of changes to the pesticide exclusion process; CMMCP cannot accept exemptions through our office. Residents should contact the Mass. Dept. of Agricultural Resources at 617.626.1723 for more information on the exclusion process.

Please list this information in the local newspapers and on the local cable access station if possible. Additional information on CMMCP may be found online at: <http://www.cmmcp.org>

Sincerely,
