## REPORTS OF COMMITTEES:

15. **ORDERED:** That the City Council review the methods, rules and regulations, systems, and practices regarding the communication of city departments and city employees with the residents and businesses of Marlborough, and to recommend changes if necessary. The review shall include notifications to and from the public regarding emergencies such as power outages, and sewer, water and road problems, outages or emergencies, weather related issues or other natural disasters, flooding, routine road and other miscellaneous repair projects which may affect traffic or otherwise inconvenience residents and businesses, and any other timely information of necessity or interest to the general public.

Included in the review shall be the reverse 911 system, the city website, road signage and traffic control at repair sites, and any other systems or practices which play a role in such communications, and those systems or practices which are not being utilized and may be beneficial to the proper and convenient two-way communication with the public. Submitted by: Councilor Delano

16. **ORDERED:** That the Marlborough City Council meet with appropriate city officials, including the Mayor and the Community Development Authority, to consider an audit of existing Comprehensive Permit Projects for excess profits. Such audit shall assess the likelihood of recovering excess profits and provide an evaluation of certified cost and income statements and an evaluation of the project, and an estimated cost for future action and the likelihood of success. Submitted by: Councilor Vigeant
