

## Adopt-A-Space

Spring means it's time to start thinking of your Adopt-A-Space area(s) once again. If you do not already have one, please fill out the necessary application (below) to get started with your own Adopt-A-Space. The City of Marlborough reminds residents and businesses that the Adopt-A-Space program for the maintenance and beautification of landscaped areas, traffic islands and other green space owned by the City, is open to current and new participants alike.

Any company, organization, or person who wishes to participate in the program will be asked to maintain the adopted area for the spring, summer and fall growing seasons. This will include seasonal cleanups and plantings, if appropriate, and require mulching, weeding and watering. We will be happy to provide a sign with your identity at your adopted area indicating that you have adopted this space. We hope that enthusiasm and competition among businesses and individuals will result in unique beautification efforts across the City. The Public Works Department will work with you to coordinate the adoption of an area, including traffic islands, public monuments, roadside embankments and other green or landscaped areas. We urge businesses, residents and civic organizations to join this year's **ADOPT-A-SPACE**. Let your imagination and civic pride shine! Get your applications in as early as possible as spaces do go quickly and our goal is to have all Adopt-A-Space areas completed prior to Memorial Day weekend.

Residents and business owners wishing to adopt an area should complete the application form that follows. For further information regarding this program, feel free to contact Chris White, General Foreman of the Forestry, Parks & Cemeteries Divisions at 508-624-6910 x33601.

Thank you for taking the time to consider this program and we are excited to work with you!

Marlborough Public Works

***Application Form***  
**Adopt-A-Space**

Please return this form together with a sketch of the location you wish to adopt, showing the size of the area and a list of plants you would like to include, and we will contact you with additional information. Those who participated in the program in previous years will have first option on their previously adopted area.

To participate in the this year's Adopt-A-Space program, you may either e-mail this form directly to me by filling out the information below and clicking the "Submit" button or printing and faxing this form to Chris White at 508-624-7699 or by mail to Chris White, 135 Neil Street, Marlborough, MA 01752
