The City of Marlborough is updating its *Hazard Mitigation Plan* with the assistance of the Metropolitan Area Planning Council and the MetroWest Regional Collaborative. The City's first *Hazard Mitigation Plan* was adopted in 2008, and is now due for an update to meet the requirements of the Federal Emergency Management Agency (FEMA), and to keep the City eligible for FEMA mitigation grants. A *Draft Hazard Mitigation Plan 2015 Update* has been prepared and was presented to the City Council on July 27, 2015. A copy of the draft plan update is available to download as a PDF document [here](#). Any questions or comments on the draft plan may be sent by email to Paul Dell'Aquila of the MetroWest Regional Collaborative at PDellAquila@mapc.org. Please send any questions or comments by Friday, August 14, 2015.
