**City Council Urban Affairs & Housing Committee
December 22, 2025
Minutes and Report**

This meeting convened at 7:11 PM and was held in the City Council Chamber and open to the public. The meeting was televised live on WMCT-TV (Comcast Channel 8 or Verizon/Fios Channel 34) and available for viewing on their website, <https://www.wmct-tv.com>.

Voting members present: Chairman Katie Robey, Councilor Doucette, Councilor Fuccillo and Councilor Preciado.

Voting member absent: Councilor Navin.

Also present were Councilors Ossing, Sargent, and Vital.

Order No. 25-1009581: Special Permit Application from Lifestyle Fit LLC d/b/a FRVR Athletics for a proposed gym for physical fitness classes, team strength and performance, fitness education, nutrition education and training and the sale of related fitness clothing and merchandise to be located in an existing building at 214 Cedar Hill Street.

The chair called the meeting to order at 7:11 PM and welcomed petitioner, Logan Filo-Loos, to the well. With no comments from the petitioner, the chair read the comments from department heads: William Paynton, Building Commissioner-no comments; Jeffrey Emanuelson, Assistant Chief, Fire Department-no comments; Paul Dinwoodie, Board of Health-no comments; Priscilla Ryder, Conservation/Sustainability Officer noted as they are not doing any activities outside the building and it is a simple change of use, she did not see any need for conditions; David Giorgi, Police Chief-no comments; and Thomas DiPersio, City Engineer-no comments.

Reports of Committee Continued:

The chair noted that the draft special permit decision is without written conditions, and she would read through the decision; and, if the committee is without objection refer the draft decision to the City Solicitor.

The chair passed out draft conditions she has to offer for the review of the committee. consensus was to review and discuss the suggested conditions. The consensus of the committee and other councilors was to review the chairs proposed conditions.

The chair read through the draft decision noting the words in title "Amendment to a" should be removed as there is no special permit for this site in existence. In the Finding of Facts, there was consensus to amend #8 2nd sentence reads "As shown in Exhibit A & B" and to strike the word "and" at end of #12.

Discussion was held on conditions with consensus on adding:

- The standard condition on Compliance with Local, State and Federal laws
- A condition for parking using the language on the special permit summary impact statement additional pages, #6- *See the off-street parking plan Exhibit A for the applicant, Lifestyle Fit, LLC. The applicant has access to spots labeled 1-13 and is not precluded from using the other labeled off-street parking spots shown on the plan Exhibit A. There are three (3) total tenants occupying the building including the applicant, and Exhibit B includes the off-street parking plan for the other two (2) Arbor Turf and Patriot Restoration. Exhibit A and the off-street parking plan satisfies the off-street Parking City Zoning 650-48 of one (1) spot per two (2) occupants of off-street parking required for 650-48A (10) small scale assembly, the applicants proposed use.*
- A condition for Signage: *Any signage installed or erected on the site shall meet the requirements of the sign ordinance of the City of Marlborough, without variance*
- A condition on Hours of Operation-*The hours of operation shall be no earlier than 5 AM and no later than 9 PM on any day of the week*
- *Certificate of Occupancy Required- No use of the premises will be made pursuant to this special permit unless and until a Certificate of Occupancy has been obtained from the Building Commissioner regarding the use.*
- The standard condition on Recording with Middlesex Registry of Deeds

There was discussion on adding in a condition *Requiring Approval Regarding Sanitary Conditions- Prior to the beginning of operation of the business, the Director of the Marlborough Health Department shall determine in writing what, if any, special sanitary requirements are necessary in order to assure that the facility does not cause unusual health risks to those using the facility or to the public. The Director may later, in writing, amend and/or add to said requirements as he deems necessary. Such determination, and any such amendments and/or additions, shall be provided by the Director to the City Council.*

It was decided to wait to see if this business needs this type of review/letter and if so, the solicitor can add it in.

Councilor Doucette moved to recommend approval of the draft Decision on a Special Permit for Lifestyle Fit LLC dba FRVR Athletics as amended, it was seconded and the motion carried 4-0.

Reports of Committee Continued:

The chair stated she hoped that with there being time between this meeting and the 2nd City Council meeting in January 2026, that the City Solicitor would have this in proper form on that meeting's agenda and with a suspension, the City Council could vote on special permit at that meeting. If it is not on the agenda, she would ask for suspension to refer it to City Solicitor to be put in proper form for the next meeting.

Councilor Doucette moved to adjourn; it was seconded; the vote carried 4-0. The meeting adjourned at 7:34 PM.

Suspension of the Rules requested – granted. (President Ossing declared the vote of 11-0).

Motion by Councilor Robey, to move the recommendation of the Urban Affairs Committee, seconded by the Chair to adopt the following:

ORDERED:

**IN CITY COUNCIL
NOTICE OF DECISION
DECISION ON A SPECIAL PERMIT
ORDER NO. 25/26-1009581C**

Special Permit Application of:
The Lifestyle Fit LLC d/b/a FRVR Athletics
6 Camelot Circle
Dudley, MA 01571
Order No. 25/26-1009581C

Locus:
214 Cedar Hill Street
Marlborough, MA 01752
Assessors Map 115, Parcel 6A

**DECISION ON A SPECIAL PERMIT
ORDER NO. 25/26-1009581C**

The City Council of the City of Marlborough (the “City Council”) hereby **GRANTS** the application for a Special Permit to The Lifestyle Fit LLC, a Massachusetts limited liability company having a mailing address of 6 Camelot Circle, Dudley, MA 01571, to operate a gym with physical fitness classes and training as provided in this Decision and subject to the following Findings of Fact and Conditions.

FINDINGS OF FACT

1. The Lifestyle Fit LLC, a Massachusetts limited liability company having a mailing address of 6 Camelot Circle, Dudley, MA 01571, is herein referred to as “Applicant”.
2. The Applicant is the lessee of a portion (+/- 5700 SF) of certain real property located at 214 Cedar Hill Street, Marlborough, MA, as shown on Marlborough Assessors Maps as Map 115, Parcel 6A (the “Site”).

3. The Applicant, on or about October 16, 2025, filed with the City Clerk of the City of Marlborough an application for a Special Permit (the "Application"). The Applicant intends to operate a gym and physical fitness classes, team strength and performance training, fitness education, nutrition education and training, and the sale of related fitness clothing and merchandise in a portion of an existing building at the Site (the "Use") consistent with the use category "Retail Sales and Service <75,000 square feet gross floor area (19)(43)" as set forth in Section 650-17 and 18 of the zoning ordinance of the City of Marlborough (the "Zoning Ordinance").
4. The Site is located in the Industrial Zoning District.
5. In connection with the Application, Applicant filed a Special Permit Application, certified list of abutters, filing fee and a parking plan dated September 23, 2025 (the "Site Plan," attached hereto as ("ATTACHMENT A").
6. The Application was certified as complete by the Building Commissioner of the City of Marlborough, acting on behalf of the City Planner for the City of Marlborough, in accordance with the Rules and Regulations promulgated by the City Council for the issuance of a Special Permit.
7. Pursuant to the Rules and Regulations of the City Council and applicable statutes of the Commonwealth of Massachusetts, the City Council established a date for a public hearing on the Application and the City Clerk of the City of Marlborough caused notice of the same to be advertised said date and determined that notice of the same was provided to abutters entitled thereto in accordance with applicable regulations and law.
8. The Marlborough City Council, pursuant to Mass. Gen. Laws c. 40A, held a public hearing on November 17, 2025, concerning said Application. The hearing was held at Marlborough City Hall, 140 Main Street. The hearing was opened and closed at that meeting.
9. The Applicant presented testimony at the public hearing detailing the Use, Application, and describing the nature of its intended services to be provided and its improvements to the Site. No one spoke in opposition to the proposed Special Permit.

**BASED UPON THE ABOVE, THE CITY COUNCIL MAKES THE FOLLOWING
FINDINGS AND TAKES THE FOLLOWING ACTIONS:**

- A) The City Council finds that Applicant has complied with all the Rules and Regulations promulgated by the Marlborough City Council as they pertain to the Application.
- B) The City Council finds that the proposed Use at the Site is an appropriate use and in harmony with the general purpose and intent of the Zoning Ordinance when subject to the appropriate terms and conditions as provided herein. The City Council makes these findings subject to the completion and adherence by the Applicant, its successors and/or assigns to the conditions more fully set forth herein.
- C) The City Council, pursuant to its authority under Mass. Gen. Laws c. 40A and the Marlborough Zoning Ordinance, **GRANTS** the Applicant a Special Permit for a gym with physical fitness classes and training at the Site, **SUBJECT TO THE FOLLOWING CONDITIONS**, which conditions shall be binding on the Applicant, its successors and/or assigns:

1. Compliance With Building Regulations. Buildout and modification of the Site to be occupied shall be in accordance with all applicable building codes and zoning regulations in effect in the City of Marlborough and Commonwealth of Massachusetts. No use of the Site shall be made pursuant to this special permit unless and until a certificate of occupancy is obtained for the Use from the Building Commissioner.
2. Compliance with Local, State and Federal Laws. The Applicant agrees to comply with all rules, regulations, and ordinances of the City of Marlborough, Commonwealth of Massachusetts, and the Federal Government as they may apply to the construction, maintenance, and operation of Applicant's Use at the Site, as supplemented by applicable conditions of this Special Permit.
3. Incorporation of Plans and Drawings. All terms, conditions, requirements, approvals, plans, and drawings provided by the Applicant as part of this Special Permit Application and as amended during the application/hearing process before the City Council and/or the City Council's Urban Affairs Committee, including the Site Plan, are herein incorporated into and become part of this Special Permit and become conditions and requirements of the same, unless otherwise altered by the City Council.
4. Compliance of Signs with Sign Ordinance. All signage installed at the Site shall comply with the City of Marlborough Sign Ordinance, without variance.
5. Hours. The maximum hours of operation of the Use shall be Monday through Sunday, 5:00 AM to 9:00 PM.
6. Parking. Parking for the Use shall be consistent with the off-street parking plan as shown in the Site Plan in accordance with Section 650-48 of the Zoning Ordinance, with the Applicant having access to spots labeled 1-13, and the Applicant is not precluded from using the other labeled off-street parking spots shown on the Site Plan subject to any limitations that may exist for use by other tenants of the building.
7. Recording of Decision. In accordance with the provisions of Mass. Gen. Laws c. 40A, § 11, the Applicant, its successors and/or assigns, at its expense, shall record this Special Permit in the Middlesex South Registry of Deeds after the City Clerk has certified that the twenty-day period for appealing this Special Permit has elapsed with no appeal having been filed. Upon recording, the Applicant shall forthwith provide a copy of the recorded Special Permit to the City Council's office, the Building Department, and the City Solicitor's office.

DECISION ON A SPECIAL PERMIT
ORDER NO. 25/26-1009540D

The City Council of the City of Marlborough (the “City Council”) hereby **GRANTS** the Application for a Special Permit to JC Residential and Light Commercial LLC (the “Applicant”), for outdoor storage as an accessory use, as provided in this Decision and subject to the following Findings of Fact and Conditions.

FINDINGS OF FACT

1. The Applicant, JC Residential and Light Commercial LLC, is a limited liability company organized under the laws of the State of Delaware, registered as a foreign limited liability company in the Commonwealth of Massachusetts, having a principal office at 38000 Hills Tech Drive, Farmington Hills, Michigan 48331.
2. The Applicant is the current tenant of a portion of the property located at 1000 Nickerson Road, Marlborough, Massachusetts 01752, as shown on Marlborough Assessor’s Map 88, Parcel 36 (the “Site”).
3. On August 14, 2025, the Applicant filed with the City Clerk of the City of Marlborough, an Application to City Council for Issuance of Special Permit (hereinafter referred to as the “Application”).
4. Under Article V, Section 650-17 and 650-18(A)(26) of the City of Marlborough Zoning Ordinance (the “Zoning Ordinance”), the Application proposes outdoor storage as an accessory use to one of the permitted uses in the zoning district in which the main building and lot is located – warehousing and light non-nuisance manufacturing (the “Use”).
5. The Site is located in the Limited Industrial Zoning District.
6. As shown on the Plans referenced in paragraph 7 below, the Use will consist of: an outdoor storage area that will occupy a portion of the existing parking lot at the Site, which shall be secured with a twelve (12) foot chain link fence with mesh (the “Project”).

7. In connection with the Application, the Applicant submitted: (a) Application to City Council for Issuance of Special Permit, (b) Filing Fee check in the amount of \$500.00, (c) Abutters List, (d) Special Permit – Summary Impact Statement, (e) Special Permit Application Certification by Planning Department, (f) Tax Payment Certification, (g) Authorization Letter from Owner, and (i) Site plan set dated August 7, 2025, prepared by Bohler (the “Plans”) attached hereto as “**ATTACHMENT A**”.
8. The Application was certified as complete by the Building Commissioner of the City of Marlborough, acting on behalf of the City Planner for the City of Marlborough, in accordance with the Rules and Regulations promulgated by the City Council for the issuance of a Special Permit.
9. The Site has an area of 12 +/- acres, as shown on the Plans.
10. Pursuant to the Rules and Regulations of the City Council for the City of Marlborough and applicable statutes of the Commonwealth of Massachusetts, the City Council established October 6, 2025 as the date for a public hearing on the Application and the City Clerk for the City of Marlborough caused to be advertised notice of said hearing and determined that notice of the same was provided to abutters entitled thereto in accordance with applicable regulations and law.
11. The City Council, pursuant to Massachusetts General Laws Chapter 40A, opened a public hearing on the Application on October 6, 2025 (the “Public Hearing”). The public hearing was held at Marlborough City Hall, 140 Main Street. The hearing was closed on said date.
12. The Applicant, through its representatives, presented testimony at the Public Hearing detailing the Use, describing its impact upon municipal services, the neighborhood, and traffic. At the Public Hearing, no members of the public spoke in favor or in opposition to the Use.

**BASED ON THE ABOVE, THE CITY COUNCIL MAKES THE FOLLOWING
FINDINGS AND TAKES THE FOLLOWING ACTIONS:**

- A. The Applicant has complied with all Rules and Regulations promulgated by the City Council as they pertain to special permit applications.
- B. The City Council finds that the proposed Use at the Site is an appropriate use and in harmony with the general purpose and intent of the Zoning Ordinance when subject to the appropriate terms and conditions as provided herein. The City Council makes these findings subject to the completion and adherence by the Applicant, its successors and/or assigns to the conditions more fully set forth herein.
- C. The City Council, pursuant to its authority under Massachusetts General Laws Chapter 40A and the Zoning Ordinance, **GRANTS** the Applicant a Special Permit for outdoor storage as an accessory use at the Site, as shown on the Plans, **SUBJECT TO THE FOLLOWING CONDITIONS**, which conditions shall be binding on the Applicant, its successors and/or assigns:
 8. Construction in Accordance with Applicable Laws. Construction of all structures on the Site shall be in accordance with all applicable building codes and zoning regulations in effect in the City of Marlborough and the Commonwealth of Massachusetts and shall be built according to the Plans.

9. Site Plan Review. The issuance of the Special Permit is further subject to detailed Site Plan Review by the Site Plan Review Committee, in accordance with the City of Marlborough Site Plan Review Ordinance. Any additional changes, alterations, modifications or amendments, as required during the process of Site Plan Review, shall be further conditions of the Use. Subsequent Site Plan Review shall be consistent with the conditions of this Special Permit and the Plans submitted, reviewed and approved by the City Council as the Special Permit Granting Authority.
10. Modification of Plans. Notwithstanding Conditions #1 and #2, the Site Plan Review Committee may approve engineering changes to the Plans, so long as said changes do not change the Use as approved herein, or materially increase the impervious area of the Use, reduce the green area, alter traffic flow, or increase the size of the building, all as shown on the Plans. Any modification of the conditions of this special permit or the Use as approved herein shall first require modification of this special permit.
11. Compliance with Applicable Laws. The Applicant shall comply with all applicable municipal, state, and federal rules, regulations, and ordinances as they may apply to the construction, maintenance and operation of the Project and the Use at the Site, including, without limitation, compliance with local Conservation Commission orders, the Massachusetts Environmental Policy Act (MEPA), and the State Building Code.
12. Incorporation of Submissions. All plans, photo renderings, site evaluations, briefs and other documentation provided by the Applicant as part of the Application, and as amended or revised during the application/hearing process before the City Council and/or the City Council's Urban Affairs Committee, are herein incorporated into and become a part of this Special Permit and become conditions and requirements of the same, unless otherwise altered by the City Council.
13. Fencing. In accordance with Section 650-18(A)(26) of the Zoning Ordinance, the Applicant shall install solid fencing to screen areas of the Site used for the storage of equipment and materials from the street and adjacent properties and shall maintain the fencing in good repair. The fencing shall comply with the requirements of all applicable City Ordinances and will require a fence permit from the Building Department.
14. Signs. Signage at the Site shall comply with the City's Sign Ordinance.
15. Noise and Air Quality. The Applicant shall comply with the City's Noise Ordinance and shall comply with all state and federal requirements governing air quality and emissions.
16. Water Supply Protection District. Applicant shall comply with all requirements of the City's Water Supply Protection District (Section 650-24 of the Zoning Ordinance), as applicable, and this decision does not authorize any exception to the prohibitions on uses and requirements of said ordinance.

17. Recording of Decision. In accordance with the provisions of Massachusetts General Laws Chapter 40A, Section 11, the Applicant at its expense shall record this Special Permit in the Middlesex South Registry of Deeds after the City Clerk has certified that the twenty-day period for appealing this Special Permit has elapsed with no appeal having been filed, and before the Applicant has applied to the Building Commissioner for a building permit. Upon recording, the Applicant shall forthwith provide a copy of the recorded Special Permit to the City Council's office, the Building Department, and the City Solicitor's office.

Yea: 10 – Nay: 1

Yea: Vital, Doucette, Preciado, Gould, Irish, Fuccillo, Sargent, Navin, Oram & Ossing.

Nay: Robey.

Motion by Councilor Navin, seconded by the Chair to adopt the following:

ORDERED There being no further business, the regular meeting of the City Council is herewith adjourned at 8:38 PM; adopted.

Re: Grant acceptance for the Marlborough Downtown Village Cultural District

Honorable Mayor Dumais,

Enclosed for your acceptance is a grant award in the amount of \$15,000 from the Mass Cultural Council for the Marlborough Downtown Village Cultural District that will be administered by the Marlborough Economic Development Corporation (MEDC) to plan help plan and oversee the annual Food Truck & Arts Festival, as well as additional efforts by the Marlborough Downtown Village Association.

I'd like to thank the Mass Cultural Council for supporting this popular event that incorporates our local businesses, civic organizations, artists and makers, drawing close to 5,000 people downtown annually. We look forward to seeing the programming the Downtown Village Association continues to build as they work to contribute to a lively downtown and engaged community.

Please let me know if you have any questions.

Sincerely,

Dear Christian Dumais,

We are pleased to inform you that City of Marlborough for Marlborough Downtown Village Cultural District has been approved for a Cultural District Investment Grant of \$15,000 (FY26-DI-CDI-120006) from the Mass Cultural Council.

Thanks to vigorous advocacy from the cultural sector, both the Healey-Driscoll Administration and the State Legislature showed strong, bipartisan support for the Mass Cultural Council, and its programs and services in the FY26 state budget. This allows us to continue to support Massachusetts' dynamic artists and creative individuals, communities, cultural organizations, schools, and creative youth development across the Commonwealth.

Below you will find your grant contract package, which includes award instructions, required attachments, and reporting obligations. Please review all materials carefully and sign the contract electronically within 14 calendar days of the date of this letter. Prompt execution will help us process your award as efficiently as possible.

For questions about the contract, please contact the financial operations team at finance.helpdesk@mass.gov.

For questions about the program please contact Timothea Pham, Program Officer, Cultural Districts at 617-858-2821 or timothea.pham@mass.gov.

Culture is ultimately about you. You play an integral role in creating and supporting a cultural life in Massachusetts that is vital, accessible, and thriving. Thank you for all that you do to elevate our rich cultural life in Massachusetts.

Re: Appointment of Karen Thompson to the Commission on Disabilities

Honorable President Ossing and Councilors:

I am pleased to submit the appointment of Karen Thompson to the Commission on Disabilities, for a three-year term, pursuant to Chapter 19 § 27.

Ms. Thompson and I met during the opening of Alta French Hill where she lives. During our conversation, she shared concerns regarding accessibility for individuals with disabilities. I mentioned to her that the City has a Commission on Disabilities and is looking for volunteers. She expressed interest, and after reconnecting at several events at the Senior Center, we were able to discuss its work in greater detail. Following those conversations, she decided to join the Commission.

I'd like to take this opportunity to thank Karen as she says in her letter "to step up and be positive person for the disability people in the City of Marlborough".

Thank you in advance for your consideration.

Sincerely,

RE: Final Open Space and Recreation Plan

Dear Council President Ossing and Councilors,

Attached please find the much-anticipated Open Space and Recreation Plan for 2026–2036 for acceptance.

This plan, along with the attached cover letter from our Conservation and Sustainability Officer Priscilla Ryder has been a long-awaited document. Due to COVID-related delays, the process was extended, and we are deeply grateful to everyone including the board members who contributed to its development and completion.

A special thank you to the Open Space Plan Committee, Mayor Vigeant for appointing the committee, former DPW Commissioner John Ghiloni, and Donna Scalcione for her assistance with editing and formatting.

Please do not hesitate to contact my office or Priscilla Ryder with any questions.

Sincerely,

RE: Final Open Space and Recreation Plan 2026-2036
For Review and Approval

Dear Mayor Dumais,

On behalf of the Open Space and Recreation Committee, it is with great pleasure I present to you the Final Open Space and Recreation Plan (OSRP) 2026-2036 for review and approval by you and the City Council. The plan is a 10-year action plan which recommends steps the city can take to address the community needs in the following categories:

- Natural Resource protection and preservation
- Recreation facilities and programs
- Conservation properties and programs
- Community Character – historic and cultural

The purpose of this OSRP is to:

- Create a plan to guide the city for the next 10-years- ensuring there is a vision and a guide for recreation, conservation, natural resource protection and enhancing community character.
- Once approved the plan becomes the ticket for the city to get State and Federal grant funding for projects. Many grants have a prerequisite that the municipality has an approved OSRP in order to apply.
- Provide a guide the Mayor, City Council, Planning Board, MEDC, Conservation Commission and other boards can use when deciding about new developments within the city and making sure projects are compatible with the goals of the plan and are protective of sensitive areas.

- Establish an Open Space and Recreation Plan working committee whose job it will be to review this plan at regular intervals and work with all city boards, committees and departments to work towards implementing the goals outline.

Attached is the cover page, index, executive summary and a set of 14 maps, which gives you an overview of what the plan contains. The full report and separate appendix are almost 200 pages, so for easy review and to save paper, it has been uploaded onto the City's Website and can be found on the Conservation Commission web page at this link: [Open Space Plan | Marlborough, MA](#)

You will find links to the following documents at this site:

- OSRP 2026-2036 – **Full report** -130 pages
- OSRP 2026-2036– **14 maps** referenced
- OSRP 2026-2036– **Appendix** – 46 pages

This past year we held 10 meetings with various groups and committees throughout the community as outlined in the plan. We got excellent feedback on the document and incorporated all the comments provided. We believe the plan now is more reflective of the City's need and provides a good plan to guide the city into the next ten years and keep the city as a vibrant and healthy place to live, work and play.

We are happy to make a presentation of the final plan before the City Council. If you have any questions or need further information, please let me know.

Sincerely,
On behalf of the OSRP Committee,

Priscilla Ryder
Conservation/Sustainability Officer.

EXECUTIVE SUMMARY

*“The environment is where we all meet.
where we all have a mutual interest.
it is the one thing all of us share “*

Lady Bird Johnson

Marlborough is a City of seven hills and many valleys filled with streams and parks and forested areas with views from hilltops and across water bodies. The City is home to many including a very diverse population of humans and wildlife. It has a rich history from Native American hunting and summer grounds, Revolutionary War travelers, heart of shoe factories and apple orchards, and now a bustling vibrant economically and culturally diverse City. Its geographic location and solid infrastructure combined with its many parks, open space and natural resources creates a wonderful community in which to live, work and play. Every ten years we are asked to revisit this Open Space and Recreation Plan and update it, so it is reflective of the City’s current needs for protecting natural resources that sustain the City, and provide parks, open space, and community recreational amenities which keep our residents, businesses and visitors happy and healthy. **Only by envisioning the future and planning for it, and protecting the places that make Marlborough special, can the City achieve these goals.** This plan provides the City government and its citizens with the analysis and recommendations needed to achieve this vision.

The primary goals of this Open Space and Recreation Plan are to preserve the unique natural resources and character of the City, to provide adequate indoor and outdoor recreational opportunities for the community and to educate citizens about the important benefits of natural resources, for human health, healthy wildlife and working within a changing climate. This 2026-2036 Open Space and Recreation plan provides the inventory, history, needs analysis and action plan for the community to implement these goals over the next ten years.

The plan includes:

- A summary of achievements of the 2011-2018 Open Space Plan
- An overview of the City's cultural history, population characteristics, growth, and development patterns
- An environmental inventory of the community's natural resources, scenic features, water resources, plants, and wildlife

- An inventory of lands of conservation and recreation interest. Included are maps of all City, state and private land used for recreation and conservation, as well as undeveloped parcels to provide a visual reference to illustrate which land remains undeveloped in the City
- An analysis of conservation and recreation needs within the City, including management, planning needs and acquisition recommendations, to protect natural resources, and provide adequate open space and recreational facilities for a diverse and growing population
- List of goals and objectives with a 10-year action plan

Major recommendations provided in this plan 2026-2036 plan include:

Recreation:

- Development of an additional major recreational facility at the old Bolton/Hudson Street Landfill. (Similar to the much used and loved Ghiloni Park) (completed in 2025)
- Add parks to neighborhoods that don't have play areas or open space within walking distance.
- Aggressively pursue state and/or private grant funds for improvements to recreation facilities
- Expand recreational park areas and make improvements to existing parks including field upgrades, parking lot improvements, building shade structures, planting trees, adding lighting, and improving playground equipment. A few items on this long list are:
 - Build a shade pavilion at Ghiloni Park, Farrell Pool, and Ward Park
 - Correct grading issues at Ghiloni Park Fields, Richer School Baseball Field, and Byrne Field
 - Stevens Park Lower Baseball Field overall upgrades to field, batting cages, snack shack etc.
 - Install MUSCO lighting system at various fields including High School track, Ghiloni Park, and Kelleher Field
 - Renovate the stands at Kelleher Field and High School Track

Kayakers on Ft. Meadow Reservoir – photo by MEDC

Conservation:

- Acquire undeveloped parcels of land including
 - South Street swamp and Shoestring Hill 80 acres
 - remaining open parcels around Ft. Meadow Reservoir-
 - Red Spring Rd. Parcel -10 acres
 - Landlocked parcel next to The Grove – 3+ acres, and
 - Parcel between ARRT and Blaiswood Ave. – 21 Acres
 - Robin Hill St. property and surrounding parcel protection
 - Tree Farm on Berlin Rd.
 - Remaining farmland on South St.- encourage farmland protection
 - Property along Sheep Falls Brook and Flagg Brook
 - Property along North Branch Brook
 - smaller parcels adjacent to already protected parcels and parcels that provide natural links between existing City owned and protected lands. and

Hike along the Panther Trail -Boundary Street boardwalk- photo by volunteer

- Property along stream and wildlife corridors as highlighted by dashed lines on Map #5 and the parcels in orange on Map #7
- Help preserve the remaining farms in the community
- Aggressively pursue state and/or private grant funds for improvements to and acquisition of land for open space and for creating open space links and trails.
- Continue habitat restoration efforts at the Desert Natural Area Pitch Pine Scrub Oak forest.
- Habitat management and improvement on all conservation properties.

Community amenities:

- Open dog park where residents can run dogs off leash. (this was constructed in 2025)
- Invest in green spaces and improve aesthetics and community health by planting trees, removing invasive vines to preserve existing trees and planting shade and heritage trees along roadways and in public spaces, maintaining a green infrastructure- for shade and stormwater management- to make the City more resilient in the changing climate.
- Look for areas in downtown and high-density areas to find areas where pocket parks and adding trees and greenspace to improve the health of these neighborhoods. (look at tax title properties to see if any are amenable to this type of conversion)
- Continue to Engage community residents and businesses in preserving and maintaining open space, recreation, and natural resource areas throughout the City.
- Continue to add sidewalks and walking trail links to destinations to make the City more walkable/bikeable and reduce reliance on cars.
- Set a goal to preserve half the City's land area with tree canopy and native vegetation whether public or private, to sustain all life and be more resilient to a changing climate. Balance

development with open space protection with each new project approved.

- Establish a dark sky requirement for the city to protect wildlife.
- Continue to improve trail connectivity within City and with bordering communities and the region – such as Central Mass Rail Line in Sudbury and future aqueduct trails to Framingham.
- Promoting all our recreation, conservation and natural resources features so residents understand what is available for their use and enjoyment in Marlborough.

The City successfully achieved many of the goals in the 2011-2018 plan including upgrading the recreational facilities at Memorial Beach, and splashpads and improved parking at Ghiloni Park. The City gained 22 additional miles of trail as part of the 33+ mile intra-community Boroughs Loop Trail and the 26.2-mile Panther trails, made huge improvements to conservation land trails and acquired 145.22 more acres of conservation land. The City can be very proud of a plan well implemented.

However, the development pressures on the last remaining parcels of land within the City will be ever stronger as population increases, demand for housing soars, and existing open space becomes more profitable to develop. Development outpaced protection since 2011 with 256 acres of land that was of conservation interest being lost. It will be up to the Mayor, City Council, City boards, committees, and residents to push for the protection of these last remaining parcels and corridors. Their protection as outlined in this plan will ensure that future generations can enjoy a life with clean lakes, clean drinking water, abundant wildlife, wooded and paved trails for passive recreation and adequate opportunities for active recreation. In addition, it is critical for the City to manage these open spaces and recreational facilities for future generations and ensure proper funding to maintain these incredible resources. By attaining the goals recommended in this plan, Marlborough will be a community that will be known for protecting the environment and the personal health of its citizens by protecting natural resources and providing access to healthy recreational opportunities for all.

*The trees act not as individuals, but somehow as a collective.
Exactly how they do this, we don't yet know.
But what we see is the power of unity.
What happens to one happens to us all.
We can starve together or feast together."*

Kimmerer

The challenge over the next ten years will be to ensure that the City plans ahead and saves those parcels of land that are important to the character of the community. Keeping hills undeveloped and ensuring that every neighborhood has a piece of tree-filled open space or recreational park land nearby to find peace and quiet, a place to walk and recreation areas to play, exercise and coexist with the natural world.

Re: Royal 401 Elm Street LLC v. Marlborough City Council (Land Court No. 25 MISC 000631) - Request to Enter Executive Session

Dear Honorable President Ossing and Councilors:

I respectfully request that this Honorable City Council convene in Executive Session. The purpose of the session is to discuss strategy with respect to the above-referenced litigation as an open meeting may have a detrimental effect on the litigating position of the City Council.

Enclosed please find a proposed order, to be conducted by roll call vote, in order to enter into executive session. The open meeting law requires that the public body chair declare that an open meeting may have a detrimental effect on the litigating position of the public body. The order must specify whether the City Council will or will not re-convene in open session after the executive session.

Please contact me if you have any questions or concerns.

Respectfully,

Jason D. Grossfield
City Solicitor

ORDERED:

Moved that the Marlborough City Council meet in executive session under Purpose 3 of the Open Meeting Law, MGL c. 30A, s. 21(a)(3), to “discuss strategy with respect to...litigation if an open meeting may have a detrimental effect on the...litigating position of the public body” regarding the pending matter, *Royal 401 Elm Street LLC v. Marlborough City Council (Land Court No. 25 MISC 000631)*, as the chair hereby declares that discussion in an open session may have a detrimental effect on the City and the City Council’s litigating position.

The City Council will [or will not] re-convene in open session after the executive session.

Be and is herewith APPROVED.

Re: Acceptance of Open Space Parcel: "Beauchemin Estates"
 Subdivision / Open Space Development Special Permit

Dear Honorable President Ossing and Councilors:

Enclosed for consideration, please find a proposed order to accept a deed to the City of Marlborough for the open space parcel, comprising 2.16+/- acres of land, in connection with the above-referenced subdivision. Pursuant to MGL c. 40, s. 8C, the parcel would be placed under the management and control of the Conservation Commission for purposes of the promotion and development of natural resources, watershed protection, passive recreation and conservation.

For reference purposes, please also find enclosed a copy of the relevant subdivision plan and a GIS map showing the open space parcel. Please feel free to contact me if you have any questions.

Respectfully,

Jason D. Grossfield
 City Solicitor

QUITCLAIM DEED

PROLIM DEVELOPMENT CORP., a Massachusetts corporation with a principal address of 64 Old Gage Hill Road, Pelham, MA 03076, (the “Grantor”) for consideration of ONE DOLLAR (\$1.00), hereby grants to the **CITY OF MARLBOROUGH**, a municipal corporation with an address of 140 Main Street, Marlborough, Massachusetts 01752, (the “Grantee”),

with Quitclaim covenants,

The land in the City of Marlborough, County of Middlesex, Commonwealth of Massachusetts, shown as “PARCEL ‘A’ OPEN SPACE” on a plan of land entitled “Definitive Subdivision Plan – Beauchemin Estates” Prepared for: Joyce Beauchemin Realty Trust, Timothy L. Beauchemin, Trustee, P.O. Box 1067, Townsend, MA 01469; Prepared by: DK Engineering LLC, 47 Enterprise Drive, #7, Windham, NH; Plan Date: 02/06/2023; Revised Plan Date: 04/30/2023; which plan is recorded with the Middlesex County South District Registry of Deeds as Plan Number 524 of 2023 (the “Plan”) to which plan reference is hereby made for a more particular description of said “PARCEL ‘A’ OPEN SPACE” parcel.

Said Parcel “A” Open Space contains 2.16 acres of land, more or less, according to said Plan.

The Parcel “A” Open Space is conveyed as an open space parcel to the Grantee, in accordance with Condition 3 of the “Decision on an Open Space Development Special Permit, 689 Pleasant Street” of the City of Marlborough Planning Board dated July 25, 2022, and recorded with said Registry of Deeds at Book 80625, Page 539, under the provisions of M.G.L. c. 40, § 8C, and is to be managed and controlled by the City of Marlborough Conservation Commission for the purposes of the promotion and development of natural resources, watershed protection, passive recreation, and conservation.

Being a portion of the same premises conveyed to the Grantor by Deed of Timothy L. Beauchemin, Trustee of the Joyce Beauchemin Realty Trust, dated December 19, 2023 and recorded with the Middlesex County Southern District Registry of Deeds at Book 82344, Page 311.

This conveyance does not constitute all or substantially all of Grantor’s assets and it is done in the normal course of business.

The Grantor hereby states under oath that the subject premises is not homestead property; and further states that there is no other individual entitled to claim homestead rights to the property.

RE: Beauchemin Estates Subdivision
 Jewell Road – Acceptance as a Public Way with Easements and Open Space

Councilors,

The Engineering Division has inspected the status of the above-referenced roadway and determined that the work has been completed in accordance with the Planning Board's Regulations and the roadway has remained in satisfactory condition for at least one year.

We have received the Acceptance and As-Built Plans and they are acceptable. We have also reviewed the deeds to the roadway, the easements, and the Open Space Parcel.

Based on the Engineering Division's review and knowledge of the roadway conditions, I can recommend acceptance of Jewell Road with its appurtenant easements, as shown on the plan prepared by DK Engineering LLC entitled "Road & Easement Acceptance Plan", dated 10/31/25 (rev. 12/8/25), as a public way, and the associated Open Space parcel as City property.

Should you have any questions regarding the above, please do not hesitate to contact me at (508) 624-6910.

Sincerely,

Thomas DiPersio, Jr.

Marlborough, MA 01752

Dear Honorable President Ossing and Councilors:

I am writing to you regarding the request of ecoATM San Diego, CA., regarding the approved Junk Dealer/Secondhand Dealer license that was approved by the Council on December 1, 2025, (Order No. 25-1009577A). The approval was contingent on a favorable recommendation from the Police Chief after their CORI report was received.

I recently followed up with ecoATM to find out the status of the CORI and I was informed that the applicant ecoATM wishes to withdraw their application as they are no longer pursuing the location at 240 East Main Street (Market 32).

I would ask that the City Council vote to rescind the Junk Dealer/Secondhand Dealer License issued to ecoATM. Should you have any questions, or need additional information please let me know.

Sincerely,

Steven W. Kerrigan

Subject: RE: Junk Dealer/Secondhand Dealer License - CORI Report

Hello,

Apologies for the delay, we did send the CORI out, but it once again could not be processed.

We have recently checked with our brand partner, and we will no longer be pursuing this location. We kindly ask that our application be pulled.

Apologies for not being able to work this out.

All the Best,

RE: 910 Boston Post Rd. – Modification Request for Previously Approved Freestanding Sign

Hello,

We are proposing revisions to a previously approved freestanding sign to be installed at 910 Boston Post Rd. We are seeking approval to increase the sign height from 18' to 22' due to truck heights blocking a partial view of the sign. The change in overall height would be compliant with the zoning bylaws which limit freestanding signs to be 30' tall. Overall, we believe the Council may approve the change in height without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of the bylaws.

We've enclosed a copy of the revised sign drawing showing the new height as 22' overall.

Best Regards,

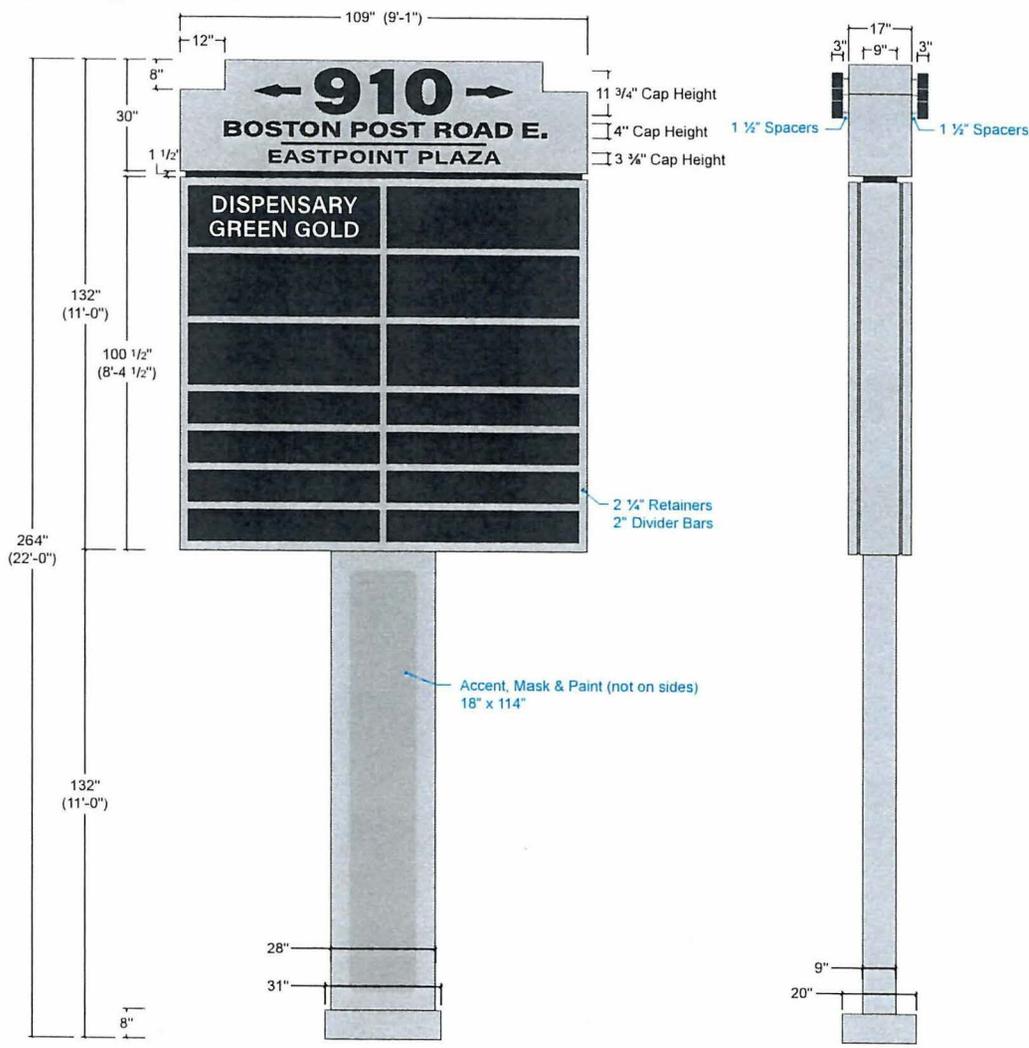

Scott Spaulding

Conservation Commission
Minutes of December 18, 2025, 7:00 PM
140 Main St. – Marlborough City Hall – 3rd Floor (Memorial Hall)

Members Present: Ed Clancy – Chair, Liz Austin, Dave Williams, John Skarin, Allan White, Rob McCabe, Bill Dunbar, also present, (Virtually) Priscilla Ryder-Conservation Officer.

Absent: none

The hearing was recorded on Microsoft TEAMS

Minutes: Minutes of November 20, 2025, were reviewed and on a motion by Mr. White second by chair were unanimously approved 7-0.

Public hearings:

Notice of Intent

321 Stow Rd. – Hiten Mehta –

Applicant proposes the construction of a garage and realignment of a driveway within a 100' buffer zone to bordering vegetated wetlands.

David Cowell of Hancock Associates was present representing the owners. He explained that the owners want to add a garage to their existing home. He reviewed the site plans and pointed out the wetland resource areas which include bordering vegetated wetland, buffer zone and riverfront area. He noted that there is no work in the riverfront area. A portion of the existing driveway is within the 30' no disturb buffer zone, they plan to remove the asphalt and return it to vegetation. The new building will be outside the 30' buffer zone. They will add a new turnaround area that will add some impervious surface of 1100 sq. ft. which is within the 100' buffer zone but outside the 30' buffer zone. Commissioner Dunbar had visited the site with Mr. Cowell and shared some pictures that he had taken to show the resource areas, he noted he was concerned about the runoff from the new building which will be directed to the adjacent golf course. After some discussion about the project members of the commission noted a stone infiltration trench could capture the roof drainage to prevent runoff issues. All excess materials will be removed from the site. If dewatering is necessary this shall be discussed at the preconstruction meeting, and that permanent 30' bz markers should be included and the as-built shall note that the shed is within the 30' buffer zone but is preexisting. Also, that the 30' buffer zone area should be restored with shrubs and ground cover and not grass as shown on the plans. Mr. Cowell indicated they will revise the plans with these notes. There being no further questions the hearing was continued to the January 8th meeting. Ms. Ryder was asked to draft conditions for this next meeting.

Notice of Intent

Fort Meadow Dam – 706 Hosmer St. – Marlborough DPW – Tom DiPersio

Applicant proposes dam maintenance activities to comply with the requirements of the Massachusetts Office of Dam Safety.

Tom DiPersio City Engineer explained that the office of Dam Safety has required that maintenance be done to the Ft. Meadow Dam. It was built in the 1800's and some work was done in the mid 1990's. It is listed as a high hazard potential dam as it would have huge impacts downstream in Hudson if it failed. It is considered in poor condition. The city hired a consultant who provided the dam inspection report which the commission received copies of. There are two main tasks to bring the dam back into safety compliance:

1: All trees on the dam proper – which include 33 trees in the picnic area between the walkway and the lake must be removed as their roots may compromise the integrity of the dam. Stumps and roots will be removed and immediately backfilled in compacted lifts.

2. The underdrain of the dam has been silted in over the years and needs to be exposed again and maintained so that the underdrain is visible at all times and can be accessed. There is an old water valve as well for this underdrain which will need to be tested and replaced or repaired as needed. This work involves removing the sediments below the valve, and down the stream channel to the pedestrian bridge crossing. This area will be graded to allow for positive flow and will be riprapped to ensure the stream channel is stabilized. As required by Dam Safety and as outlined in the consultant's report as shown on the site plans. The hope is to have this tree work done this winter while the lake is down so dewatering may be avoided.

The Commission asked if this work will allow the dam to withstand the new predicted storms of today and future predictions? Mr. DiPersio indicated that these repairs will strengthen the dam and allow it to work as designed. The commission discussed the work in the swale, dewatering needed, types of equipment to be used, stabilization after the work. Mr. DiPersio described these steps which are outlined in the report. He also noted that no DEP # has been issued, so he doesn't know what DEP may ask, and suggested the hearing be continued to the next meeting. Ms. Ryder was asked to draft a set of conditions for the January 8th meeting in hopes a DEP # has been provided and the commission can close the hearing. The hearing was continued to January 8, 2026.

Abbreviated Notice of Resource Area Delineation

365 South St. – New England Power Company –

Applicant is requesting confirmation of certain wetland resource area boundaries delineated on the subject property.

Matthew Kelly from Epsilon Associates was present representing New England Power Company. He noted that since the last meeting the flags have been reestablished, and they have added the riverfront area to the plans as noted by DEP. They are looking for confirmation on the wetland resource areas on the site. There is an isolated pocked on the east side of the driveway which has been noted but does not meet the ILSF criteria so is not considered a resource area. Mr. Dunbar indicated that he and Mr. White had been to see the site and saw the recent flags. The one area of concern is the area near the station where the new utility pole has been installed. This area looks as if it has been disturbed, and the flags may or may not be correct. All the other flags appear to be well defined. After some discussion it was determined that a site visit with Ms. Ryder prior to the next meeting was to review the flags in question. Ms. Ryder will coordinate a date that works for several members and Mr. Kelly. The hearing was continued to the January 8, 2026, meeting.

Request for Determination of Applicability – Continued from November 20, 2025

Simarano Dr. and Cedar Hill (Map 116 Lots 11 & 13) – Post Road Realty Inc.

Applicant requests a jurisdictional determination in review of whether (2) vegetated wetlands are non-state and local jurisdictional Isolated Vegetated Wetlands or jurisdictional Bordering Vegetated Wetlands under Massachusetts Wetland Protection Act.

At the applicant's request, prior to the meeting, the owners requested this hearing be continued to January 8th so the owner can attend. This hearing was continued to January 8, 2026.

Certificate of Compliance

DEP 212-1251 –Full certificate- 1 D’Angelo Drive- parking lot expansion. Ms. Ryder noted she has done an inspection and all looks in order, however the as-built plan has not yet been submitted. Therefore, this should be continued to the next meeting. The Commission continued this item to January 8, 2026.

Discussion/Correspondence/Other Business

- Water & Wetland - Ft. Meadow Reservoir 2025 End of Year Report. - The Commission received and had reviewed the annual report. Ms. Ryder noted there are a few minor edits that need to be made. The Commission voted 7-0 to accept the report with the minor edits.
- MCA-CISMA Newsletter December 2025. This item was accepted and placed on file.
- National Grid Integrated Vegetation Management Program. This item was accepted and placed on file
- SuAsCo Climate Collaborative - Ms. Ryder explained that this new collaborative will focus on the SuAsCo watershed area and help advance climate resiliency by sharing information with communities so we can all learn and develop programs collectively rather than each community struggling on its own. The Commission agreed and voted 7-0 to join the collaborative.
- DEP 212- 1218 - 339 Boston Post Rd. - The environmental consultant through an email has confirmed that the site is now stabilized. Only a few items remain to be completed including the drainage correction for the water quality swale along Rte. 20 which will be corrected in the spring. He is requesting that the weekly stormwater reports be reduced to monthly and after storms greater than 1”. The commission voted 7-0 to allow for the reduction in inspections as noted.

Next Conservation Commission meetings: January 8, 2026 & January 22, 2026

Adjournment

There being no further business on a motion by Mr. White second by Chair and on a unanimous vote, the meeting was adjourned at 8:25 PM

Ordered: - Update to Public Record Request COA Formula Grants Funds.

At the November Board Meeting a Letter from Massachusetts Councils on Aging was shared with the Board. The letter addressed a claim by Mr. Peter J. Tiernan, Principal HCSB Solutions, LLC that there are unspent COA grant funds that could be redirected to fund other state programs. The information in the letter was insufficient to make any determinations what impact the request to return unspent COA grant funds would have on Marlborough. Joe indicated that he would explore via a Public Records Request (PRR) the specific data the Mr. Tiernan was using in his analysis. The specific PRR was obtained and presented to the Board. Per Mr. Tiernan “The Emerging Proposal is to convert \$10 million in prior year unexpended COA funds (locally held) into FY 2026 ECOP (Enhanced Community Options Program – a program that serves those who do not qualify for MassHealth but are clinically eligible for nursing facility care).

Mr. Tiernan states that in FY 2021 the Executive Office of Aging and Independence (AGE) eliminated the requirement for COA's to report unexpended grant balances. This practice allows COA to retain "unspent" prior grant funds and to roll them over into the next year(s).

He further stated that the Annual Schedule A for FY 2024 submitted by all cities and towns to the Massachusetts Department of Revenue (DOR) confirm that there is a significant amount (\$10.2 million) of unspent COA formula grant money. He also was hoping to launch an initiative that will recognize the FY 2025 COA unexpended balances as offset to the FY 2026 COA grants.

Joe indicated that he would work with the city auditor to review the Schedule A information that Marlborough submitted for FY 2021 through FY 2024 and compare the revenue data from Schedule A to the Annual AGE Large Council on Aging Annual Reports for FY 2021 through FY 2024 that were submitted by Trish Pope.

Ordered: Chair Updates

- Joe distributed the summary of Springwell updates that is prepared by Springwell. The summary reflects items discussed by the Springwell Board at its recent meeting. He distributed the November report and indicated that there was no December report because the Springwell Board did not meet. He also indicated that Springwell has moved into its new office in Marlborough at 290 Solomon Pond Road.
- The January 13th Board meeting will be held on the second floor of the Senior Center due to a conflict with an event scheduled on the first floor.

Ordered: There being no further business, the regular meeting of the Council on Aging Board is herewith adjourned at 9:27 AM; adopted.

MARLBOROUGH PLANNING BOARD
MARLBOROUGH, MA 01752**

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to accept and file the correspondence. Yea: Fay, Fenby, Hughes, LaVenture and Russ. Nay: 0. Motion carried. 5-0.

Mr. DiPersio provided procedural guidance and explained the next step is for the developer to make request for acceptance to Council and once the Board receives Legal's opinion the Board can then make their recommendation to Council.

Dr. Fenby urged members to visit the site. She explained this was a great site to see the size comparison of before and after the homes being built. Because the homes are so large there now isn't a lot of space.

i. Correspondence from Charles Bourque & Mike Carney – Extension request

Mr. LaVenture read the November 24, 2025, correspondence into the record.

On a motion by Dr. Fenby, seconded by Mr. Russ, the Board voted to accept and file the correspondence. Yea: Fay, Fenby, Hughes, LaVenture and Russ. Nay: 0. Motion carried. 5-0.

The Administrator confirmed that all taxes are paid and up to date, no blight was found on site and that no building permits have been pulled so no bond is in place.

Mr. Fenby explained they have been great on keeping the Board up to date.

Mr. Bourque explained he believes a 2-year extension should be enough time to accommodate the difficulties of working with the ledge on site. He detailed his plan on which lots he plans to start with first.

Dr. Fay reminded Mr. Bourque of the developer's ability to post a cash or performance bond which would give them the ability to pull a permit for the lot 4, which is currently held for street acceptance.

On a motion by Mr. LaVenture, seconded by Dr. Fenby, the Board vote to grant a two-year extension on the approval for 0 Stevens Street, Tobin Road definitive subdivision through December 2, 2027. The subdivision was originally approved on November 7, 2022, and was previously granted an extension through December 2, 2025. Yea: Fay, Fenby, Hughes LaVenture and Russ. Nay: 0. Chapter 85
of the Acts of 2025

THE COMMONWEALTH OF MASSACHUSETTS

In the One Hundred and Ninety-Fourth General Court

AN ACT PROVIDING A SIMPLIFIED PROCEDURE FOR THE LAYOUT AND ACCEPTANCE OF
SUBDIVISION ROADS IN THE CITY OF MARLBOROUGH.

*Be it enacted by the Senate and House of Representatives in General Court
assembled, and by the authority of the same, as follows:*

SECTION 1. (a) Notwithstanding chapters 79 and 82 of the General Laws or any other general or special law to the contrary, the city of Marlborough may employ the procedure set out in this act for municipal layout and acceptance of roads constructed within a subdivision in accordance with a definitive subdivision plan that has been approved by the planning board of the city of Marlborough pursuant to the subdivision control law under section 81K of chapter 41 of the General Laws.

(b) The planning board, upon request of either the mayor or city council, or upon its own initiative, shall hold a public hearing on the issue of the laying out and acceptance of a specific road or roads, at which time interested persons shall be given an opportunity to be heard. Not less than 7 days prior to such hearing, written notice of the hearing shall be: (i) sent by first-class mail, postage prepaid, to the owner of record of each property abutting the road or roads as they appear from records kept by the city of Marlborough assessors, which shall be conclusive evidence of ownership for the purposes of this act; and (ii) given by publication in a newspaper of local circulation or posting on the bulletin board of the city clerk's office. Not more than 21 days after the public hearing, the planning board shall prepare a written certification that said road or roads have been laid out and constructed in accordance with a plan referenced and described in the certification, if the planning board so determines. The certification shall identify all municipal easements including, but not limited to, utility, drainage, access and other easements, shown on such plan. Such plan, which may be an existing approved and recorded definitive subdivision plan, shall show the boundaries and measurements of the road or roads and any municipal easements. The planning board shall submit the planning board's certification to the city council.

H 4439

(c) Within 45 days of the receipt of the planning board's certification, the city council or a standing committee of the city council shall hold a meeting for the sole purpose of considering whether it is in the public interest to layout and accept the certified road or roads as a public way.

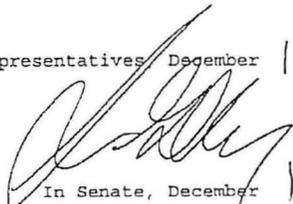

After the meeting, if the city council determines, upon a majority vote, that it is in the public interest to layout and accept the road or roads as a public way, the city council shall vote to adopt for recording at the registry of deeds an order of acceptance containing the city council's vote and attaching the planning board's certification. Said order shall be presented to the mayor in accordance with section 55 of chapter 43 of the General Laws.

(d) The order of acceptance shall be recorded not more than 90 days after the date upon which the order is in force and, upon recording, shall, with no additional notice or other action required, vest in the city of Marlborough the ownership in fee to the road or roads, together with the ownership of all municipal easements identified in the certification, including, but not limited to, utility, drainage, flowage, access and other easements shown on the plan, for all municipal purposes including, but not limited to, access, repair, improvement, reconstruction, removal and replacement, as well as all pipes, structures and other improvements located within the road and municipal easements unless excluded by the order of acceptance. No owner of, or holder of any interest in, land comprising the road, land abutting the road so accepted or land subject to an easement shown on the plan shall have any claim for compensation against the city on account of such acceptance.

SECTION 2. This act shall take effect upon its passage.

House of Representatives December 1, 2025.

Passed to be enacted,

Speaker.

In Senate, December 1, 2025.

Passed to be enacted,

President.

December 10, 2025.

Approved,

at 6 o'clock and 10 minutes, P. M.

Governor.

Meeting Minutes

For Meeting Held: December 16, 2025, 7:00 PM, at 3rd Floor, Memorial Hall, City Hall, 140 Main Street, Marlborough.

Members Present: Ralph Loftin-Chairman, Robert Levine, Thomas Pope and Douglas Philpott.

Members Absent: Thomas Golden

Also present were:

Craig Sullivan – Secretary, William Paynton – Building Commissioner, Tom DiPersio – City Engineer, Adam Costa Esq., Jason Grossfield – City Solicitor, Richard Marino – Trustee of Marco Realty Trust.

Items Discussed:

1. Zoning Board of Appeals Case # 25-5

Applicant: Richard Marino

Date of Appeal: October 21, 2025

Location of Subject: 7-9 Mechanic St.

Petition: The Appellant has filed an administrative appeal dated October 21, 2025, of a denial of zoning enforcement by Building Commissioner William Paynton dated September 30, 2025. The relief sought is a reversal of said denial; and an order that use of the parking lot at 7-9 Mechanic Street cease immediately and so long as it violates the Zoning Ordinance, for the reason(s) set forth in the Petition which is on file with the ZBA Office.

Chairman Loftin opened the meeting and public hearing, and Adam Costa spoke on behalf of the owner Richard Marino. Mr. Costa stated that the parking lot is not in compliance to be considered a parking space in Marlborough. He claims historically it has not been a parking lot. He claims that the public uses his property to gain access to the parking lot. Mr. Costa acknowledges that the 15' right of way is for public use but seeing that the parking lot is not in compliance, so there should be no right of way. Mr.

Costa claims the parking lot is not used very much. The Building Commissioner claims the site is a preexisting nonconforming property. Mr. Marino doesn't like the fact that the public is using his property to get to the parking lot. Mr. Paynton stated the property is in the Marlborough Village District, they are not required to have parking since it is not required by zoning. Mr. Grossfield stated that the history of the parking lot is the question that needs to be answered by the Board. There are aerial pictures taken recently showing no cars in the parking lot. The Board showed a photograph from Google Earth which showed cars in the parking lot. The owner parks in the parking lot everyday as well as his two employees. Mr. Levine stated he believes since it has always been used as a parking lot he doesn't agree with saying it is not. There was a discussion about limiting the number of parking spots. The hearing was concluded.

On a motion by Mr. Levine the Zoning Board voted unanimously 4-0 to uphold the Building Commissioner's denial letter and deny the applicant's Administrative Appeal to reverse the Building Commissioner's denial letter.

Adjournment

On a motion from Chairman Loftin seconded by Bob Levine the meeting was adjourned at 8:40pm.

Respectfully submitted,

Craig Sullivan
Secretary
