

# Flagg Swamp

This property spans 76.5 acres and has a variety of unique features. Fern fields shimmer in the sunlight seeping through the trees and pine trees stand tall and proud overlooking neighborhood homes. Numerous swampy pools are home to a handful of creatures that inhabit these waters. If it's rained recently, a pair of sturdy boots will serve you well. Explore this habitat and discover the wonders that await. A one-mile trail wanders through both the City and State Department of Fish and Wildlife land according to state regulations.
