### Community updates: 3/24/2020

Marlborough currently has **three** residents who tests positive for Covid-19. We expect, however, that more Covid-19 cases have been diagnosed clinically and that testing results are outstanding.

- Testing continues at Marlborough Hospital. Please remember that if you do not have a doctor's order that was sent to them, you will be asked to wait in the line so that you can be pre-screened to see if you qualify for testing. **They have asked that there be only 1 person per car.**
- Most importantly we want to thank everyone for continuing to practice social distancing and remembering to check on each other.
