### Gov. Baker issues emergency order affecting state parks and beaches

Governor Baker issued an emergency order on Thursday, April 2, 2020, requiring all coastal beach reservation parking areas managed by the Department of Conservation and Recreation to close on Friday at noon. This will be done in an effort to reduce large groups of people at beaches.

State beaches will remain open and available to pedestrians for walking, jogging, biking, solitary fishing, etc. keeping with the current social distance guidelines.

State parks and parking areas remain open, but the public is asked to visit state parks and other open space properties located near their homes.

Properties owned by the Department of Conservation and Recreation like ice rinks, visitor centers, campgrounds, playgrounds, fitness areas, athletic fields, athletic courts, golf courses and bathroom facilities will remain **closed** until May 4, 2020.
