Confirmed Coronavirus Cases in the City of Marlborough to Date by Age
(Total Cases 211)*

Source: Marlborough Health Dept. - 2020

* Data shown is accurate as reported to the Marlborough Health Dept. at the time of this posting.

Most of the people who catch COVID-19 can recover and eliminate the virus from their bodies. If you catch the disease, make sure you treat your symptoms. If you have cough, fever, and difficulty breathing, seek medical care early – but call your health facility by telephone first if possible. Most patients recover thanks to supportive care.

FACT:

You can recover from the coronavirus disease (COVID-19). Catching the new coronavirus DOES NOT mean you will have it for life.
