

HOW & WHERE TO GET TESTED

Marlborough Hospital

Call-Ahead Testing Arrival Instructions – What to Expect

MAKE AN APPOINTMENT 855-862-7763

- Upon arrival to the Marlborough Hospital Campus (157 Union Street), look for the signs with arrows directing you to Entrance A “Call-Ahead Testing.”
- Drive in Entrance A, remain in vehicle and keep all windows rolled up until instructed otherwise by staff.
- Upon arrival, we will validate order and assign lanes based on order status **(priority will be given to those patients who have had an order sent to the Hospital prior to their arrival.)**
- **Patients will need a cell phone to call a dedicated registration line to register accordingly**, so please have a mobile phone. If a patient doesn't have a mobile phone, they will be given the appropriate number to call, and will be instructed to leave the premises and only return once they have registered.
- Once the patient is registered, they will be instructed to approach the testing tent.
- The nurse will perform the nasal swab and provide further instructions.
- You will depart the testing tent following the signage and directions from personnel.
- Wait times will vary and be 100% dependent on the number of people ahead of you.
- We appreciate your patience during this time.

AFC Testing Guidance:

Call-Ahead Testing Arrival Instructions – What to Expect

- In order to be tested you must first register as a patient by calling 508-658-0764 Option 5 to register on the phone.
- After registering AFC will permit consent via email
- A Nurse calls the patient for triage
- Provider gets in touch with the patient via video chat.
- If provider says the patient meets the qualifications for testing, then the patient drives up and is swabbed in vehicle.
- Results are averaging 5-7 days after being swabbed.

Notes:

AFC doesn't have any written guidelines or procedures to send because they change every day.
