From Legislative & Legal Affairs Committee

40. **Order No. 18-1007363 Communication from the Mayor regarding Home Rule Petition-Liquor License.** The Mayor’s letter of August 23, 2108 was read into the record. The legislature has denied the April 2018 Home Rule Petition by City Council for 2 licenses for all alcoholic beverages not to be drunk on the premises. Additionally they have required the petition identify Kennedy’s Market on Maple Street by name with a 2-year window for them to apply for the license. If not granted within 2 years, the license would expire. It will still be up to the License Board to grant the license. **It was moved and seconded to approve the Home Rule petition as requested. The motion carried 3-0.**
41. **Order No. 18-1007369 Communication from City Solicitor Donald Rider regarding Benchmarks Deed of ten acres to the city of Marlborough.** The letter from Solicitor Rider was read into the record. In it he explains that as part of the Special Permit granted to BSL Marlborough Development LLC (Benchmark) they would convey to the city approximately 10 acres of land at the site. It was noted that the mitigation payment of \$150,000 due within 60 days of the issuance of the Building Permit for the Site has been paid. **It was moved and seconded to accept Benchmark’s executed and recorded Deed of the donated Land to the City for all municipal purposes. The motion carried 3-0.**

42. **Order No. 16/17/18-1006443D-2 Communication from Assistant City Solicitor Cynthia Panagore Griffin, regarding Apex Center's revised Open Space Plan & revised Open Space Covenant and Restriction.** Having been tabled at the March 12, 2018 L & L meeting, it was moved and seconded to removed this from the table; the motion carried 3-0. The August 23, 2018 letter from Assistant City Solicitor Cynthia Panagore Griffin was read into the record. At the March meeting there was discussion on the language of the Covenant and Exhibit A, the Open Space Exhibit. At the suggestion of department heads, Walker Realty was asked to revise the map showing defined boundaries of the Open Space and make some changes to the Covenant. Those changes were included in the revised documents and reviewed by the committee. It was made clear the land delineated in Exhibit A is to be left substantially in its natural state as undevelopable open space in accordance with the terms of the Covenant. It was also noted that there is still work to be completed on sewer lines and the public walking trail that are part of the Development Agreement and acceptance of the Covenant doesn't release Walker Realty from finishing those items. **It was moved and seconded to accept the revised Open Space Plan and the revised Open Space Covenant and Restriction and refer to Legal Department to be placed in proper legal form. The motion carried 3-0.**

From Veterans Affairs Committee

43. **Order No. 18-1007364: Communication from the Mayor regarding Marlborough Public Library Naming Rights.** Chairman Juare read a letter from Mayor Vigeant, dated August 23, 2018, which requested the City Council revise the City Code to allow the Board of Library Trustees to name public assets located in and at the Marlborough Public Library. The chairman also read a letter from the Veterans Council, dated September 14, 2018, which did not want to see the Board of Library Trustees have authority to rename the library in its entirety but had no issue if interior rooms and sections are named for donors to the library renovation project. Assistant City Solicitor Panagore Griffin explained the proposed ordinance change would not eliminate the existing naming rights, as those would remain the same, but would allow the Board of Library Trustees to name its interior and outdoor spaces by developing a well thought out policy. Assistant City Solicitor Panagore Griffin further explained that similar to the School Committee, the Board of Library Trustees has care, custody, management and control of the grounds it oversees which is governed by statute. **Motion made by Councilor Ossing, seconded by the Chair, to approve the proposed ordinance to amend Chapter 551 to allow the Board of Library Trustees to name its interior spaces and exterior grounds as requested by the Mayor. The motion carried 3-0. (Requires advertising).**

From Urban Affairs Committee

44. **Order No. 18-1007337: Communication from Assistant City Solicitor, Cynthia Panagore Griffin regarding Proposed Zoning Amendment to Chapter 650, §7, §17, new §39 & §41 as it relates to Neighborhood Business District, sponsored by Councilors Ossing and Irish.** The Urban Affairs Committee met with Cynthia Wall of Metropolitan Area Planning Council (MAPC) to review the proposed zoning amendment for the Neighborhood Business District. The purpose of the zoning is to revitalize the Lincoln Street area not with an overlay but underlying zoning changes. It is hoped the amended zoning will spur economic growth beneficial to the City. Ms. Wall explained the process for developing good zoning is based upon good planning. She reviewed the proposed allowed uses, those uses not allowed or allowed by special permit in the petition. After Ms. Wall's presentation, the committee reviewed the zoning and decided upon the following changes, Comprehensive Developments would be allowed by Special Permit, dry-cleaning drop-off retail would be allowed by right, and the City Council would be responsible for the Waiver as Part of Special Permit or Under Site Plan Review as part of C. (4). **Motion made by Councilor Doucette, seconded by the Chair, to approve as amended subject to Planning Board feedback and recommendation from their September 24, 2018 public hearing. The motion carried 5-0.**

Be it ordained by the City Council of the City of Marlborough that the Code of the City of Marlborough, as most recently amended, be further amended by amending certain provisions of Section 650-34, Marlborough Village District, and Section 650-41, Table of Lot Areas, Yards and Height of Structures, as follows:

1. By amending Section 650-34.F, Heights of Structures, as follows (deleted text in ~~striketrough~~; new text underlined):

F. Heights of structures.

- (1) To encourage redevelopment and reuse of parcels within the Marlborough Village District, minimum and maximum heights are established. Minimum heights shall be 35 feet; maximum height is 6 stories and up to 70 feet except for where a proposed structure is within 50 feet of a residential ~~lot~~ district boundary, where the height limit shall be 52 feet. By grant of a special permit, maximum building height, including building areas within 50 feet of a residential district boundary, may be increased to ~~80~~ 7 stories and up to 85 feet. Height limits do not include roof-mounted mechanical appurtenances; however, said appurtenances, and the screening required for them in § 650-34D(2)(b), shall be subject to site plan review and design standards. Rooftop mechanical equipment, including wireless communications equipment, shall be located and screened to minimize impacts on abutters and the general public. No interior space shall be occupied for any purpose above these height limits.

This shall not preclude the use of a flat roof for purposes allowed in this section.

- (2) Roof decks, providing recreation and amenity areas for residents and businesses on the roof above the top story of a building, shall be encouraged in Marlborough Village District. Roof decks may include open space areas for sitting and gardens; open-air areas covered by permanent roofs (flat or sloped); indoor areas for social gathering, meetings, common kitchens, restrooms, and storage; spaces for mechanical equipment; and enclosures for elevators and stairs. The portions of a building designed as a roofdeck shall be subject to maximum height restrictions, as may be extended by special permit.

2. By amending Section 650-41, Table of Lot Area, Yards, and Height of Structures, as follows (new text underlined, deleted text in strikethrough):

District	Minimum Lot Area	Minimum Lot Frontage (feet)	Minimum Side Yard (feet)	Minimum Front Yard (feet)	Minimum Rear Yard (feet)	Height	Minimum Lot Coverage
Marlborough Village District MV	5,000 square feet	25	10 <sup>3</sup>	10 <sup>14</sup>	10 <sup>15</sup>	Minimum: 35 feet; <u>Maximum:</u> 6 stories; not to exceed a maximum of 70 feet <sup>12</sup>	80% <sup>13</sup>

**NOTES:**

<sup>1</sup> Note deleted.

<sup>2</sup> Applies to all buildings erected on or after January 27, 1969; all others, 10 feet.

<sup>3</sup> Where abutting a residence district or within the Marlborough Village District where abutting an existing structure that has side-facing windows at the structure's lot line; otherwise 0 feet.

<sup>4</sup> Except where abutting a residence district, shall be 50 feet.

<sup>5</sup> Except for buildings extending through a block or to a railroad siding.

<sup>6</sup> For the purpose of measuring setback distances for the corresponding height restrictions, an owner of LI or I zoned land may count abutting residentially zoned land toward the setback requirement if such land is owned by the same owner. Ownership of the residential land and the LI or I land must continue to be held by the same entity.

<sup>7</sup> However, this frontage need not be contiguous.

<sup>8</sup> No part of any principal building shall be within 25 feet of any exterior lot line nor shall any part of any building be closer to any exterior lot line than the minimum side yard requirement which would have been applicable in the zoning district in which the land in question was located before it was rezoned into a Retirement Community Residence District. A building may be as close as 25 feet to the front yard line of the exterior lot; provided, however, that no said building shall be less than 50 feet from the side line of a public way.

<sup>9</sup> Excluding from lot size any land which prior to development of the site as a Retirement Community would be defined as a resource area as that term is defined in MGL c. 131, § 40.

<sup>10</sup> Buildings on a Large Tract Development Lot, which are more than 1,200 feet from a Residential Zone, may be built to a maximum height of 85 feet.

<sup>11</sup> Maximum lot coverage for a Large Tract Development Lot shall be 50%.

<sup>12</sup> Within the Marlborough Village District, special permits may allow for an increase in height to ~~80~~ 7 stories and up to 85 feet; also, provided that the height of any development ~~adjacent to any~~ within 50 feet of a residential district boundary shall be stepped down and shall not exceed 52 feet except where allowed by special permit. (See § 650-34F(1).)

<sup>13</sup> Within the Marlborough Village District, special permits may allow for an increase in lot coverage.

<sup>14</sup> Except along the following streets in the Marlborough Village District where zero-foot setback is allowed by right: Main Street, the eastern side of South Bolton Street between Main Street and Granger Boulevard, and the northern side of Granger Boulevard between South Bolton Street and Main Street.

<sup>15</sup> Except that a special permit may be granted to reduce this to zero where public safety will not be impacted and the reduction will yield a better design.

The legislature has denied the April 2018 Home Rule Petition by City Council for 2 licenses for all alcoholic beverages not to be drunk on the premises. Additionally they have required the petition identify Kennedy's Market on Maple Street by name with a 2-year window for them to apply for the license. Having been tabled at the March 12, 2018 L & L meeting, it was moved and seconded to removed this from the table; the motion carried 3-0. The August 23, 2018 letter from Assistant City Solicitor Cynthia Panagore Griffin was read into the record. At the March meeting there was discussion on the language of the Covenant and Exhibit A, the Open Space Exhibit. At the suggestion of department heads, Walker Realty was asked to revise the map showing defined boundaries of the Open Space and make some changes to the Covenant. Those changes were included in the revised documents and reviewed by the committee. It was made clear the land delineated in Exhibit A is to be left substantially in its natural state as undevelopable open space in accordance with the terms of the Covenant. It was also noted that there is still work to be completed on sewer lines and the public walking trail that are part of the Development Agreement and acceptance of the Covenant doesn't release Walker Realty from finishing those items. It was moved and seconded to accept the revised Open Space Plan and the revised Open Space Covenant and Restriction and refer to Legal Department to be placed in proper legal form. **The motion carried 3-0.**

The chairman also read a letter from the Veterans Council, dated September 14, 2018, which did not want to see the Board of Library Trustees have authority to rename the library in its entirety but had no issue if interior rooms and sections are named for donors to the library renovation project. Assistant City Solicitor Panagore Griffin explained the proposed ordinance change would not eliminate the existing naming rights, as those would remain the same, but would allow the Board of Library Trustees to name its interior and outdoor spaces by developing a well thought out policy. Assistant City Solicitor Panagore Griffin further explained that similar to the School Committee, the Board of Library Trustees has care, custody, management and control of the grounds it oversees which is governed by statute.

**Re: Certification of Free Cash**

Honorable President Clancy and Councilors:

I am pleased to inform you that the Massachusetts Department of Revenue (DOR) recently certified the amount of \$8,877,451.00 in "free cash" for the City of Marlborough. Our strong free cash balance is indicative of our continued economic growth and conservative budgeting.

The strong partnership that exists between my office, the City's financial team, and the City Council means we are all on the same page when it comes to budgeting and economic growth. Together, we are working to ensure the City's strong financial condition for future generations of Marlborough residents, while also investing in our road and facility infrastructure.

Over the next few years, we face some challenges, including higher levels of debt service from the new elementary school and the proposed library and fire station projects. Our school bus contract expires in 2020 and the recycling market is currently in upheaval; these two issues alone are causing significant cost increases in communities across Massachusetts.

Continued economic investment in Marlborough to ensure that our residents do not shoulder too much of the burden through their property taxes is crucial. We also must continue with our prudent approach to the City's budget.

In the coming weeks, I will submit transfer requests to move 10 percent of the free cash amount to our OPEB account and 10 percent to our stabilization account.

Thank you again for your continued partnership and please do not hesitate to let me know if you have any questions on this matter.

Sincerely,

Arthur G. Vigeant  
Mayor

Dear Mr. Vigeant:

Enclosed is a contract and scope of services for the City of Marlborough that covers the transfer of FY2019 Local Cultural Council funds from the Mass Cultural Council to your local cultural council account for the Marlborough Cultural Council.

**State Comptroller regulations require State Agencies to have a signed contract and signature authorization form on file for all transfers of funds from state to local accounts unless the agency is statutorily released from this mandate, which the Mass Cultural Council is not.**

The contract includes: a signature page with the amount of the allocation (\$12,500), dates of service (July 1, 2018 to June 30, 2019), and a place to sign. You only need to sign it, include an email address if possible and make any corrections if needed. The second page is the scope of services which defines how the funds are to be expended following Mass Cultural Council regulations. Lastly, the Signature Authorization page is a required form for all contracts with state agencies that clearly identifies the person or persons authorized to sign contracts for a vendor, in this case your municipality.

The contract should be signed with a completed Signature Authorization form and returned to me by November 30, 2018.

I will not be able to transfer the Local Cultural Council allocation until I have a completed contract package from your municipality. If you or any of your staff have any questions, please feel free to contact me at 617/858-2722 or by email at michael.nagle@state.ma.us.

Thank you very much.

Sincerely,

Michael Nagle

Edward J. Clancy, President  
Members of the City Council  
City Hall  
Marlborough, MA 01752

Dear President and Honorable Members:

**Re: Funding for New School, Library Renovation and West Side Fire Station**

**Purpose:**

This letter intends to provide City Councilors with information on potential funding sources for a new School, Library renovations and a west side Fire Station while minimizing the impact on the tax rate.

**Issue:**

Provide funding for the new School, Library renovations and west side Fire Station projects while minimizing impact on existing tax rate.

**Assumptions:**

1. School bond - \$27,000,000 – annual debt service of \$2,000,000
2. Library Renovation - \$14,000,000 – annual debt service of \$800,000
3. West Side Fire Station - \$14,000,000 – annual debt service of \$800,000
4. Every \$1,000,000 added to the budget costs the residential tax payer an additional 17 cents on their tax bill

**Discussion:**

The annual impact to the budget (debt service) for the three projects will be ~\$3,600,000. This equates to increasing the tax rate by 62 cents (17 cents x 3.6). Using the current tax rate of \$14.63 (average home value of \$346,900 pays \$5,075 in taxes), the tax rate with the three bonds would be \$15.25 (14.63 + .62). This would increase the typical average home tax bill by \$215 (346,900 x .01525 = \$5,290; or \$5,290 - \$5,075 = \$215). The goal is to determine if there are new projects that can be approved by the City Council to offset the annual debt service increase.

The school bond has already been approved by the City Council. The Library renovation bond needs to be approved prior to January 2019 in order to secure the \$10,000,000 state matching funds. The Fire Station bond is still being developed and anticipated to be finalized in early 2019.

Since the consensus of the Council is that all three projects are needed, but the disagreement comes as to which project is funded first (Library or Fire Station), the information below provides a plan to approve the remaining bonds now and ensure project funding sources are going to be available to offset the debt service of the bonds.

The housing studies have shown that there is still a need for housing in the City. The City Council has taken actions to create overlay districts (Downtown, Retirement, Mixed Used) to facilitate the development of various types of housing projects. Table 1 lists some of the proposed projects that are either before the City Council or being considered for submittal to the City Council that can provide a funding source to offset the impact of the new School, Library renovation and west side Fire Station projects on the tax rate.

The housing guidelines recently approved by the City Council can be used to help shape these projects to best fit the Council vision for the community.

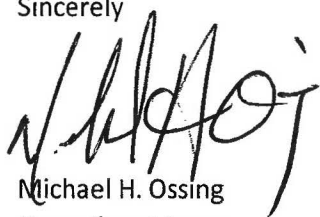

Having the Mayor submit the Library and Fire Station bonds now and the Council approving both bonds, addresses the concerns of which bond is approved first. The bonds can then be issued when the projects are ready and the financial sources to fund the projects are available. This also provides the City Council with information the developers can use to support mitigation for their projects by focusing mitigation on the completion of the School, Library renovation and west side Fire Station projects.

Finally, the total financial picture needs to be considered in the City Council's decisions which include using the recently approved financial policies that include the Capital Policy (updated 5-year Capital Plan) and Debt policy (general debt service as a percentage of general fund expenditures).

Recommendation:

1. Mayor submit the Library and Fire Station bonds to the City Council.
2. The City Council ensures new projects are approved to offset the impact of the debt service on the tax rate.
3. This information be reviewed by the Urban Affairs Committee to take a big picture look at the projects/zoning changes before the City Council.

Sincerely

Michael H. Ossing  
Councilor at Large  
Finance Committee Chairman

Re: Municipal Aggregation - Six Month Fixed Price Contract with Direct Energy Services  
November 2018 through May 2019

Dear Honorable Members:

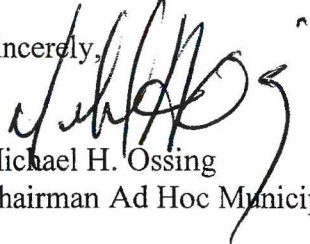

In accordance with Order No.17-1006881, this correspondence informs the City Council that the Ad-Hoc Municipal Aggregation Committee has approved a six-month fixed price contract with Direct Energy Services that will have electricity rates lower than the National Grid Fixed Basic Service Rates.

- National Grid Fixed Basic Service Rate = 0.13718 \$/kWh
- Direct Energy Services = 0.13650 \$/kWh
- Will SAVE Marlboro residential rate payers 0.00068 \$/kWh

The new rates will be in effect starting with the December 2018 meter reads through the May 2019 meter reads.

The Ad-Hoc Municipal Aggregation Committee acknowledged that if Marlborough residents want to use only a "100% green product" using National Wind Renewable Energy Certificates (REC) for their electricity supply, they could contact Direct Energy Services and have an electricity supply rate of 0.13710 \$/kWh for the same meter read period as above. This information will appear on the City website when Colonial Power has the new rates posted in October 2018.

Sincerely,

  
Michael H. Ossing  
Chairman Ad Hoc Municipal Aggregation Committee

RE: Order No. 18-1007287C  
Proposed Zoning Amendment – Ancillary Retirement Communities  
Legal Effect of Written Protests

Dear President Clancy and Members:

At its August 27, 2018 meeting, the City Council voted to refer to the Legal Department a question concerning written protests signed by 13 residents at the Villages at Crane Meadow, objecting to the proposed zoning amendment concerning ancillary retirement communities. The question was whether or not, under the 5<sup>th</sup> paragraph of MGL c. 40A, § 5, the legal effect of the written protests is to increase from 2/3 to 3/4 – that is, from 8 votes to 9 – the voting majority of all the Council's members needed to approve the proposed zoning amendment.

My opinion is that the voting majority remains at 2/3, meaning that only 8 votes would be needed to approve the proposed amendment.

It is doubtful whether the 5<sup>th</sup> paragraph of MGL c. 40A, § 5 applies here. The proposed amendment, if approved, would be applicable City-wide, wherever there might be a retirement community to which an ancillary retirement community might become adjacent. Given this City-wide scope, the proposed amendment cannot be said to apply solely to 615 Williams Street, although 615 Williams is obviously the immediate focus of the amendment's proponent.

Even assuming that the proposed amendment does apply solely to 615 Williams, the written protests do not reach the statutory threshold necessary to change the number of required votes from 8 to 9. The statutory issue boils down to:

the area of Crane Meadow land owned by the 13 protesting residents which is immediately adjacent to and extending 300' from 615 Williams

divided by

the total area of land immediately adjacent to and extending 300' from 615 Williams.

Under the statute, if this fraction equals 20% or more, then the voting majority would need to increase from 2/3 (8 votes) to 3/4 (9 votes).

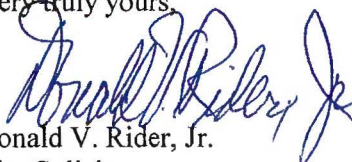

Using the City's GIS on the enclosed map, I calculate that the total area of land in Marlborough immediately adjacent to and extending 300' from 615 Williams equals 592,433± s.f.; and that the area of Crane Meadow land immediately adjacent to and extending 300' from 615 Williams equals 219,161± s.f.

However, of the 219,161± s.f. of Crane Meadow land immediately adjacent to and extending 300' from 615 Williams, the protesting condo unit owners own only 13.218% of that land as common area, per the enclosed Schedule C to the condominium master deed for the Villages at Crane Meadow.<sup>1</sup>

This 13.218% means that the protesting condo unit owners own only 28,969± s.f. ( $0.13218 \times 219,161$ ) of the Crane Meadow land immediately adjacent to and extending 300' from 615 Williams, which in turn equals about 4.9% ( $28,969 \div 592,433$ ) of the total area of land immediately adjacent to and extending 300' from 615 Williams. Since 4.9% is less than the statutory 20%, only 8, not 9, votes are needed to approve the proposed zoning amendment, even assuming it does apply solely to 615 Williams Street.

Very truly yours,

Donald V. Rider, Jr.  
City Solicitor

<sup>1</sup> As to the calculations, note: 1) while 13 residents signed in protest, enclosed Council Order No. 18-1007287B reveals that 2 of them live at 48 Whispering Brook Road, meaning there are only 12 condo units protesting against the proposed amendment; 2) the condo units at 10 Heatherwood Drive and 27 Canterbury Way do not come within the 300' of Crane Meadow land immediately adjacent to 615 Williams; and 3) it is unclear whether or not the condo unit at 22 Whispering Brook Road comes within that 300'.

However, all 12 of these condo units have been included for the purpose of (over-)calculating the 13.218%.

FINDINGS AND TAKES THE FOLLOWING ACTIONS**

A. The Applicant has complied with all Rules and Regulations promulgated by the Marlborough City Council as they pertain to special permit applications.

B. The City Council finds that the proposed Use of the Site is an appropriate use and in harmony with the general purpose and intent of the Zoning Ordinance of the City of Marlborough when subject to the appropriate terms and conditions as provided herein. The City Council makes these findings subject to the completion and adherence by the Applicant, its successors and/or assigns to the conditions more fully set forth herein.

C. The City Council, pursuant to its authority under Massachusetts General Laws Chapter 40A and the Zoning Ordinance of the City of Marlborough hereby GRANTS the Applicant a Special Permit to build and operate a multifamily building as shown on the Plans filed, SUBJECT TO THE FOLLOWING CONDITIONS, which conditions shall be binding on the Applicant, its successors and/or assigns:

1. Construction in Accordance with Applicable Laws. Construction of all structures on the Site is to be in accordance with all applicable Building Codes and Zoning Regulations in effect in the City of Marlborough and the Commonwealth of Massachusetts, and shall be built according to the Plans as may be amended during Site Plan Review.

2. Compliance with Applicable Laws. The Applicant, its successors and/or assigns agrees to comply with all municipal, state, and federal rules, regulations, and ordinances as they may apply to the construction, maintenance, and operation of the Use.

3. Site Plan Review. The issuance of the Special Permit is further subject to detailed Site Plan Review in accordance with the City of Marlborough site plan review ordinance prior to the issuance of the building permit. Any additional changes, alterations, modifications or amendments, as required during the process of Site Plan Review, shall be further conditions attached to the building permit, and no occupancy permit shall be issued until the Applicant has complied with all conditions. Subsequent Site Plan Review shall be consistent with the conditions of this Special Permit and the Plans submitted, reviewed and approved by the City Council as the Special Permit Granting Authority.

4. Modification of Plans. Notwithstanding conditions #1 and #3 above, the City Council or the Site Plan Review Committee may make engineering changes to the Plans, so long as said changes do not change the Use as approved herein, or materially increase the impervious area of the Use, reduce the green area, alter traffic flow, increase the size, shape or position of the building, or alter the fencing bordering the property, all as shown on the Plans.

5. Incorporation of Submissions. All plans, photo renderings, site evaluations, briefs and other documentation provided by the Applicant as part of the Application, and as amended or revised during the application/hearing process before the City Council and/or the City Council's Urban Affairs Committee, are herein incorporated into and become a part of this Special Permit and become conditions and requirements of the same, unless otherwise altered by the City Council.

6. Storm Water and Erosion Control Management. The Applicant, its successors and/or assigns, shall ensure that its site superintendent during construction of the project is competent in stormwater and erosion control management. This individual(s)' credentials shall be acceptable to the Engineering Division of the City's Department of Public Works and the City's Conservation Commission. This individual(s) shall be responsible for checking the Site before, during, and after storm events including weekends and evenings when storms are predicted. This individual(s) shall ensure that no untreated stormwater leaves the Site consistent with the State's and the City's stormwater regulations. This individual(s) shall ensure

compliance with the approved sequence of construction plan and the approved erosion control plan. The Applicant, its successors and/or assigns, shall grant this individual(s) complete authority of the Site as it relates to stormwater and erosion controls.

7. Owner-Occupancy. It shall be a condition of the by-laws of the condominium association governing the Use that all units that are sold will be purchased by a person or persons who intend to reside in the units. The condominium documents shall provide for appropriate daily fines for the violation of this section of the condominium by-laws, and will provide that this section may not be amended. No occupancy permit regarding the Use shall be issued unless and until the City Solicitor has certified to the Building Commissioner that the condominium by-laws, along with the condominium master deed, have been recorded. The Applicant, including its successors and assigns, may, following the issuance of the occupancy permit for a particular unit but prior to the conveyance thereof to the purchaser of the unit, rent said units to tenants; provided, however, that:

- a. No said unit shall be or continue to be rented after the fifth anniversary of the date of issuance of the occupancy permit of said unit;
- b. No unit shall be rented or continue to be rented after the seventh anniversary of the date of issuance of the first occupancy permit for the site;
- c. An executed "rent to own" contract shall qualify the subject unit as owner-occupied, so long as transfer of title for that unit occurs within 36 months of the starting date of the rental agreement for that unit;
- d. The Applicant, including its successors and assigns, shall continue to market the units as condominiums;
- e. No sign at the Site shall market any units as being for rent; however "rent to own" signs are permissible so long as they are in compliance with City's sign ordinance without variance; and
- f. No unit shall be rented to any person or persons for more than three years unless, prior to the expiration of those three years, said person or persons execute(s) a purchase and sale agreement.

The term "Applicant, its successors and assigns," as used herein and for purposes of this Condition 7, shall include Applicant, its successors and assigns, and any entity controlled by said entities, or controlled by the principal and/or principals of said entities.

8. Conditions Relating to Neighboring Properties. The following conditions are based upon the Applicant's discussions and agreements with the owners of properties located in the neighborhood of the Site:

- a. 60 Highland Street (Parcel 56-166): The Applicant shall install a 6-foot high black chain link fence with evergreen-colored plastic slats along the boundary line of the Site adjacent to 60 Highland Street. The hedge location and plant type shall be mutually agreeable to the Applicant and the owner of 23 Jefferson Street, and shall at the time of planting be approximately three (3) feet in height and shall be maintained so as to not exceed five to six (5-6) feet in height at mature growth, said hedge to be located in substantially the same location as identified on the Plans. During the course of construction, the grade of the area on which the hedge will be constructed will be raised, but not to a grade that is higher than the current grade of the property at 23 Jefferson Street. The area in question will be planted after the completion of construction, but prior to the conveyance to owner of 23 Jefferson Street of an easement (described below).
  - ii. The Applicant shall, within 30 days after the issuance of an occupancy permit for the Use, grant an exclusive use permanent easement extending from the side of the hedge fronting 23 Jefferson Street to the mutual property line with the Site, in a form acceptable to the Applicant and the owner of 23 Jefferson Street. Said easement shall be recorded at the Middlesex South District Registry of Deeds, with the cost of the easement preparation to be at the expense of the Applicant and the cost of recording to be at the expense of the owner of 23 Jefferson Street.
  - iii. The Applicant shall take care not to disturb and damage the wall located in front of and on the 23 Jefferson Street property during the construction process, and to assure that, to the extent that any portion of said wall that is on the Site is moved or removed as part of the driveway construction, the corner of the wall on the 23 Jefferson Street property will be rebuilt so

as to be aesthetically appropriate. If any portion of the wall in front of or on the 23 Jefferson Street property is disturbed or damaged by the Applicant during construction, the Applicant shall restore the wall to its prior condition.

9. Lighting. Standard downward-facing lighting shall be used, with little to no light leaving the Site.

10. Trash Pick-Up. Trash pick-up at the Site shall be once per week and conducted during business hours only.

11. Delivery and Service Trucks. Delivery and service trucks shall conduct business at the Site during business hours only.

12. Sidewalk Reconstruction. As Jefferson Street was recently reconstructed by the City, the Applicant, its successors and/or assigns, shall repair and/or reconstruct the existing bituminous concrete sidewalk and the roadway, where excavated and/or damaged as a result of site construction, by the methods and to the limits directed by the City Engineer and set forth in the Road Opening Permit for said construction.

13. Emergency Access. The Applicant, its successors and/or assigns, shall keep the perimeter walkway around the building free from snow and ice for purposes of accommodating emergency access. Walkways shall be construction using materials acceptable to the Fire Chief. The Applicant, its successors and/or assigns, shall keep the driveway area clear of vehicles and obstructions in order to accommodate emergency access, and shall impose any parking/towing restrictions deemed necessary by the Traffic Commission and/or Fire Department.

14. Notice to Residents Regarding Kelleher Field. The Applicant, its successors and/or assigns, shall stipulate in the bylaws governing the Use an acknowledgement that residents will be living in a building adjacent to an active recreational facility, Kelleher Field, which is often used seven days per week.

15. Payment to Recreation Department. Prior to obtaining a building permit for the Use, the Applicant, its successors and/or assigns, shall make a payment in the amount of Fifteen Thousand Dollars (\$15,000) to the City's Recreation Department to be used for Kelleher Field.

16. Retaining Wall Easement. In the event that the City Council votes to assign to Applicant, its successors and/or assigns, the City's rights in an easement pertaining to an existing retaining wall situated along Jefferson Street on land described as Marlborough Assessors Map 56, Parcel 160 (27 Jefferson Street), Parcel 161 (23 Jefferson Street) and Parcel 162 (30 Highland Street), which easement is recorded at the Middlesex (South District) Registry of Deeds in Book 6397, Page 83, the Applicant, its successors and/or assigns, shall at its sole expense:

- a. perform any and all work in the future for the purposes of reconstructing, relocating, maintaining and/or repairing the retaining wall; and

- b. record the City's assignment at the Registry, with a copy of the recorded assignment provided to the City Council's office, the Engineering Division of the Department of Public Works, and the Legal Department.

17. Recording of Decision. In accordance with the provisions of Massachusetts General Laws, Chapter 40A, Section 11, the Applicant, its successors and/or assigns, at its expense shall record this Special Permit in the Middlesex South Registry of Deeds after the City Clerk has certified that the twenty-day period for appealing this Special Permit has elapsed with no appeal having been filed, and before the Applicant has applied to the Building Commissioner for a building permit. Upon recording, the Applicant shall forthwith provide a copy of the recorded Special Permit to the City Council's office, the Building Department, and the City Solicitor's office.

Nothing contained in this Covenant shall be construed to entitle the Benefitted Party to bring any action against the Covenanting Party for any injury or change in the Restricted Land resulting from causes beyond the Covenanting Party's control, including but not limited to fire, flood, storm and earth movement, or from any prudent action taken by the Covenanting Party under emergencies, conditions to abate, prevent or mitigate significant injury to the Restricted Land from such causes.
- B. The rights hereby granted shall include the right to enforce this Covenant by appropriate legal proceedings and to obtain injunctive and other equitable relief against any violations. The Covenanting Party covenants and agrees to reimburse the Benefitted Party all reasonable costs and expenses (including reasonable attorney's fees) incurred in enforcing this Covenant or in

taking reasonable measures to remedy, correct, or abate any violation thereof, provided that a violation of this Covenant is acknowledged by the Covenanting Party to have occurred or determined by a court of competent jurisdiction to have occurred.

- C. Any election by the Benefitted Party as to the manner and timing of its right to enforce this covenant and restriction or otherwise exercise its rights hereunder shall not be deemed or construed to be a waiver of such rights.
- D. This Covenant may be amended to permit additional uses permitted within open space land in the City of Marlborough by the recording of an instrument executed by the Covenanting Party and the Benefitted Party, with approval of the Marlborough City Council and the Mayor of the City of Marlborough.
- E. This Covenanting Party and the Benefitted Party, on their own behalf and on behalf of their successors and assigns, agree and represent as follows: (i) pursuant to M.G.L. c. 184, § 23, the foregoing Covenant is a gift for the public purpose of preservation of land in its natural state with rights of public access thereto as provided in the above-referenced walking trail easements; and (ii) pursuant to M.G.L. c. 184, § 26, the foregoing Covenant is a restriction held by a governmental body, which shall be duly recorded and indexed in the grantor index on the registry of deeds or registered in the registry of deeds in the registry district of the land court for the county or district wherein the land lies so as to affect its title, and which describes the land by metes and bounds or by reference to a recorded or registered plan showing its boundaries. Accordingly, the foregoing Covenant shall remain in effect in perpetuity, and shall not be subject to the limitation on the period of a covenant of unlimited duration set forth in M.G.L. c 184, § 23 on the periods of its enforceability set forth in M.G.L. c. 184, § 27.
- F. The Benefitted Party is authorized to record or file notices or instruments, if any, appropriate to assuring the perpetual enforceability of this Covenant. Without limiting any of the foregoing, the Covenanting Party its successors and assigns agree to execute any such reasonable instruments within a commercially reasonable period of time after written request of the Benefitted Party.
- G. The foregoing is not intended to constitute a conservation restriction under M.G.L. c. 184, §§ 31 and 32.
- H. The foregoing Covenant is not intended to be a disposition of land or easement and is not intended to be subject to the provisions of Article 97 of the Constitution of the Commonwealth. Further, by acceptance hereof, the Benefitted Party hereby specifically contractually agrees with the Covenanting Party, in consideration for the grant of this Covenant, to retain the right to release or modify the terms of this Covenant without being subject to the provisions of Article 97 of the Constitution of the Commonwealth.
- I. By Order of the Marlborough City Council, attached hereto as Exhibit B, this Covenant has been approved, and the gift thereof accepted, by the Marlborough City Council in accordance with paragraph 20 of the Development Agreement, which paragraph concerns the recording of

a perpetual easement for an additional non-disturbance area at the Property to be left as undevelopable Open Space.

- J. This Covenant shall be and is binding upon the grantee's or successors in title to the Covenanting Party, which agrees to incorporate by reference the terms of this Open Space Covenant and Restriction in any deed or other legal instrument by which it divests itself of any interest in all or any portion of the Restricted Land, it being the express intention and understanding and agreement that this covenant shall constitute a covenant running with the land. Without limitation, the Covenanting Party, on its own behalf and on behalf of its successors and assigns, waives and relinquishes any right to assert that the Covenant does not constitute a gift to a governmental body for a public purpose.

The Marlborough City Council shall be the Benefitted Party under this Covenant until the City Council transfers, if at all, said status as Benefitted Party to the Conservation Commission of the City of Marlborough, after which the Conservation Commission shall be the Benefitted Party under this Covenant until the City Council transfers said status as Benefitted Party under this Covenant, if at all, to itself or to another department, board or commission of the City of Marlborough.

- K. If any provision of this Covenant shall to any extent be held invalid, the remainder shall not be affected.
- L. The Covenanting Party and the Benefitted Party intend that the covenants and restrictions arising hereunder take effect on the day and year this Restriction is recorded in the official records of the Middlesex County South Registry of Deeds, after all signatures have been affixed hereto. This document and any exhibits thereto shall be recorded in a timely manner by the Benefitting Party, at its sole expense, upon execution by all parties.

Dear President Clancy and Members:

The owners of the Evviva Cucina have determined that the name appears to be confusing to the public and will be changing the name to Evviva Trattoria. The change involves no additional signage required or additional square footage.

I have included a copy of the existing and proposed signage for your review. As always, please feel free to contact my office if you have any questions or if I can be of any further assistance to you.

Sincerely,

Pamela A. Wilderman

RE: Council Order#18-1007224A Proposed Zoning Amendment Ancillary Auto Sales, Section 650-5B Definitions; Word usage, Section 650-17 Table of Uses

Honorable President Clancy and Councilors:

At its regularly scheduled Planning Board meeting on September 24, 2018, the Board took the following action regarding the above-referenced Council order:

On a motion by Mr. Fay and seconded by Mr. LaVenture, the Board voted to reserve its opinion on the proposed zoning amendment. Motion carried.

While the Board felt there was some merit to the proponent's revised "Option 1" amendment which limited ancillary auto sales to only dealerships with a Class I license (new car sales), the Board felt the timing on the proposed amendment was problematic. The City is researching a potential Route 20 Overlay District, and the Board would prefer a comprehensive review of land use and consideration of the City's vision for the area, rather than making a recommendation to satisfy any individual business concern. Should the Council consider the proposed modified zoning amendment, the Board would recommend a change in the language as follows:

**Option 1: Class I Licensees in Business and Commercial Automotive Zones**

In Section 650-5B ANCILLARY AUTO SALES

Places for the sale of new or previously owned cars, trucks, boats and farm equipment, along with incidental servicing and repair of vehicles, provided that any Ancillary Auto Sales use shall be (i) operated in conjunction with a lawful primary Auto Sales use with a Class I license, (ii) allow only one ancillary location within 1,000 feet of the primary Auto Sales use, and (iii) shall not be larger than the primary Auto Sales use.

RE: Council Order#18-1007<sup>1287</sup> Proposed Zoning Amendment, Section 650-5 Definitions, Word usage, Section 650-17 Table of Uses and section 650-22, Subsection C (14) Ancillary Residential Community

Honorable President Clancy and Councilors:

At its regularly scheduled Planning Board meeting on September 24, 2018, the Board took the following action regarding the above-referenced Council order:

On a motion by Mr. Fay and seconded by Mr. LaVenture, the Board voted to make a favorable recommendation to the City Council on the proposed zoning amendment, provided that the definition of adjacent parcel be clarified to include specific language that the adjacent parcel must be within a Retirement Community Overlay District and that ancillary multifamily developments be excluded from any parcel east of Broadmeadow Road. Chairperson Fenby opposed. Motion carried.

The Board provided the following reasons in reaching its recommendation:

- The developer established that the proposed overlay district would result in a development meeting a demonstrated need for a diversified housing stock in the City of Marlborough;
- The developer established that the proposed overlay district would benefit the City by providing an age-restricted (Age 55+) housing option with a positive fiscal impact to the City of Marlborough;
- The developer established to the Board's satisfaction that the proposed overlay district fits into the neighborhood, and in the Board's opinion, approval of the overlay district for this area would not unduly burden abutters.

While the Board's majority felt that an ancillary multifamily development did not unduly burden abutters on the proponent's parcel (adjacent to the Villages at Crane Meadow), my negative vote reflects agreement with the expressed opposition to this zoning amendment by the most impacted residents.

Sincerely,

*Barbara L. Fenby/KH*

Hi Karen,

After our conversation with Steven Greenwald, it's his recommendation that we withdraw our application for special permit at this time. I would like a meeting with councilman Clancy on Monday, to review a proposed building that we believe will be more to their liking. If you can contact us in reference to what time will be convenient for Mr. Clancy, or a phone number to reach him and set up a time with him, we would appreciate it.

Feel free to give Tom a call at 617-699-1212 with any questions.

Thank you,

RE: BP-2018-000542  
182 West Main Street

Dear Mr. Grahm:

Please be advised that you are currently in violation of the City of Marlborough General Code Chapter 650 (zoning), section 12 (non-conforming uses), B. (3) and (4).

The property at the above referenced location (Marlborough Assessor's map 81, parcel 122) is located within a Residential "C" zone which does not allow this number of units. As the building pre-exists the City of Marlborough zoning ordinances its use was allowed. However, a reading of the above referenced sections of the zoning ordinance are clear:

"In case the use is destroyed or damaged by fire, explosion or other catastrophe to not greater than 75% of the fair market value of the building or structure, exclusive of foundation, based upon replacement cost immediately prior to such damage, the structure or use may be restored or rebuilt at the same location and used as previously, provided that:

(a) The building, structure or use of land as restored or rebuilt shall be no greater in floor or land area than the maximum permitted under Subsection B(3)(b) of this section.

(b) The restoration or rebuilding shall conform to this chapter so far as practicable and shall be completed within two years of the catastrophe, unless approved by the City Council in writing in accordance with Article VIII."

The fire that destroyed the building occurred on February 2, 2016. Please be advised that as of this date your permit to continue work in the building has been suspended until such time as you have applied to the City Council and received permission from the City of Marlborough City Council to continue. Failure to take care of this matter in a timely fashion will result in citations being issued for violations of both the zoning ordinance and Chapter 485 "Blight".

Re: E on Main; Proposed Village District Zoning Amendments

Dear Councilor Clancy:

It was brought to my attention that the petition to amend portions of the Zoning Ordinance concerning the Marlborough Village District, filed on September 20, 2018, contained a transcription error.

The text of the proposed amendment was correct, and the petition states that the proposed amendment consists of deleting text shown in strikethrough and adding text that is underlined. The transcription error concerns the column heading on the Table of Lot Area, Yards, and Height of Structures: the column for "Maximum Lot Coverage" is erroneously labeled "*Minimum* Lot Coverage." Enclosed with this letter is a corrected petition.

Because the City Council approved the original petition to be used in the notice for the public hearing to be held on October 29, 2018, the transcription error is shown in the hearing notice. I believe, however, that the notice is not misleading as to the nature and the scope of the proposed zoning amendment, particularly since the erroneous text is not intended as an amendment based upon the style of the petition (using underlining and ~~strikethrough~~ to indicate amended text.)

Thank you for your time and attention to this matter.

Sincerely,

Brian R. Falk

## PROPOSED CITY COUNCIL ORDER

### ORDERED:

Be it ordained by the City Council of the City of Marlborough that the Code of the City of Marlborough, as most recently amended, be further amended by amending certain provisions of Section 650-34, Marlborough Village District, and Section 650-41, Table of Lot Areas, Yards and Height of Structures, as follows:

1. By amending Section 650-34.F, Heights of Structures, as follows (deleted text in ~~striketrough~~; new text underlined):

F. Heights of structures.

- (1) To encourage redevelopment and reuse of parcels within the Marlborough Village District, minimum and maximum heights are established. Minimum heights shall be 35 feet; maximum height is 6 stories and up to 70 feet except for where a proposed structure is within 50 feet of a residential ~~lot~~ district boundary, where the height limit shall be 52 feet. By grant of a special permit, maximum building height, including building areas within 50 feet of a residential district boundary, may be increased to ~~80~~ 7 stories and up to 85 feet. Height limits do not include roof-mounted mechanical appurtenances; however, said appurtenances, and the screening required for them in § 650-34D(2)(b), shall be subject to site plan review and design standards. Rooftop mechanical equipment, including wireless communications equipment, shall be located and screened to minimize impacts on abutters and the general public. No interior space shall be occupied for any purpose above these height limits. This shall not preclude the use of a flat roof for purposes allowed in this section.
- (2) Roof decks, providing recreation and amenity areas for residents and businesses on the roof above the top story of a building, shall be encouraged in Marlborough Village District. Roof decks may include open space areas for sitting and gardens; open-air areas covered by permanent roofs (flat or sloped); indoor areas for social gathering, meetings, common kitchens, restrooms, and storage; spaces for mechanical equipment; and enclosures for elevators and stairs. The portions of a building designed as a roofdeck shall be subject to maximum height restrictions, as may be extended by special permit.

*Corrected October 11, 2018*

2. By amending Section 650-41, Table of Lot Area, Yards, and Height of Structures, as follows (new text underlined, deleted text in strikethrough):

District	Minimum Lot Area	Minimum Lot Frontage (feet)	Minimum Side Yard (feet)	Minimum Front Yard (feet)	Minimum Rear Yard (feet)	Height	Maximum Lot Coverage
Marlborough Village District MV	5,000 square feet	25	10 <sup>3</sup>	10 <sup>14</sup>	10 <sup>15</sup>	Minimum: 35 feet; <u>Maximum:</u> 6 stories; not to exceed a maximum of 70 feet <sup>12</sup>	80% <sup>13</sup>

**NOTES:**

<sup>1</sup> Note deleted.

<sup>2</sup> Applies to all buildings erected on or after January 27, 1969; all others, 10 feet.

<sup>3</sup> Where abutting a residence district or within the Marlborough Village District where abutting an existing structure that has side-facing windows at the structure's lot line; otherwise 0 feet.

<sup>4</sup> Except where abutting a residence district, shall be 50 feet.

<sup>5</sup> Except for buildings extending through a block or to a railroad siding.

<sup>6</sup> For the purpose of measuring setback distances for the corresponding height restrictions, an owner of LI or I zoned land may count abutting residentially zoned land toward the setback requirement if such land is owned by the same owner. Ownership of the residential land and the LI or I land must continue to be held by the same entity.

<sup>7</sup> However, this frontage need not be contiguous.

<sup>8</sup> No part of any principal building shall be within 25 feet of any exterior lot line nor shall any part of any building be closer to any exterior lot line than the minimum side yard requirement which would have been applicable in the zoning district in which the land in question was located before it was rezoned into a Retirement Community Residence District. A building may be as close as 25 feet to the front yard line of the exterior lot; provided, however, that no said building shall be less than 50 feet from the side line of a public way.

<sup>9</sup> Excluding from lot size any land which prior to development of the site as a Retirement Community would be defined as a resource area as that term is defined in MGL c. 131, § 40.

<sup>10</sup> Buildings on a Large Tract Development Lot, which are more than 1,200 feet from a Residential Zone, may be built to a maximum height of 85 feet.

*Corrected October 11, 2018*

- <sup>11</sup> Maximum lot coverage for a Large Tract Development Lot shall be 50%.
- <sup>12</sup> Within the Marlborough Village District, special permits may allow for an increase in height to ~~80~~ 7 stories and up to 85 feet; also, provided that the height of any development ~~adjacent to any~~ within 50 feet of a residential district boundary shall be stepped down and shall not exceed 52 feet except where allowed by special permit. (See § 650-34F(1).)
- <sup>13</sup> Within the Marlborough Village District, special permits may allow for an increase in lot coverage.
- <sup>14</sup> Except along the following streets in the Marlborough Village District where zero-foot setback is allowed by right: Main Street, the eastern side of South Bolton Street between Main Street and Granger Boulevard, and the northern side of Granger Boulevard between South Bolton Street and Main Street.
- <sup>15</sup> Except that a special permit may be granted to reduce this to zero where public safety will not be impacted and the reduction will yield a better design.

RE: Sign Application  
Electronic Message Board Sign  
81 Granger Boulevard

Dear Mr. Bennet:

Please be advised that I have reviewed the application for an electronic message board sign for the bank location at 81 Granger Boulevard (Marlborough Assessor's map 70, parcel 152). Unfortunately, at this time I must deny the application for the following reason:

Chapter 526.13(2) of the City of Marlborough General Code (Sign Ordinance) states: The regulations in § 526-13 permit digital display signs and electronic message center (EMC) signs in all zoning districts.....shall be subject to all other provisions governing signs in Chapter 526, the City's Sign Ordinance, and shall **require a special permit**.

Chapter 526.13 (3) of the City of Marlborough General Code states: The special permit granting authority shall be the City Council. In the event of a conflict between these provisions and other provisions governing signs in Chapter 526, these provisions shall prevail.

Additionally, I would caution that the ordinance also states: Setbacks from residential zoned areas. The sign must be set back a minimum distance of 200 feet from the nearest point of any abutting residentially zoned district. If, because of the shape, size and/or proximity of a commercial lot to a residentially zoned district it is not possible to place the sign more than 200 feet from the nearest point of an abutting residentially zoned district, then the Planning Board may grant a variance for closer placement, provided that when located within 200 feet of a residentially zoned district, all digital display portions of the sign shall be oriented so that no portion of the sign is visible from an existing primary residential structure in that district.

As I was not provided a plan of the intended sign location (unsure if it will be on the existing sign or if you have a new location) I can't say for sure that the above requirement would be relevant. I believe that you are clear but you want to have your sign people check to make sure.

I have included the special permit application for your convenience. As always, please feel free to contact this office if you have any questions or if I can be of any further assistance to you.

Sincerely,

Pamela A. Wilderman  
Code Enforcement Officer

**RE: Site Plan Approval Application for Tavern on the Green; 57 Main Street**

Dear Council Members:

Attached please find a Site Plan Review Application package for a mix use development proposed for 57 Main Street in the Marlborough Village District. The project consists of a 86,600 square foot, 5-story building with 55 residential units, approximately 11,000 square feet of office & restaurant space on the ground floor and 83 parking spaces in a basement level garage and ground floor locations.

We are seeking a waiver as outlined in Section 650-34 H(4) of the Marlborough Village District. Based upon the 55 residential units proposed we are to provide 5,500 square feet of Open Space which can be split between private decks for residents and ground level common open space. Although we are providing more than the minimum area, based upon a strict interpretation of the bylaw we need to request the waiver. Specifically, we provide a total of 6,381 square feet of private unit deck space; we provide an additional 1,860 square feet of common area for resident use only at the 2<sup>nd</sup> floor lounge; lastly, we provide 2,898 of ground level open space not designated as landscaping or screening. However, the ground level space is literally what is left over of green space and not truly a usable area for residents. We also provide approximately 1,300 square feet of exterior open space designated for restaurant usage which cannot be used as part of the calculations. Overall, we provide nearly 12,500 square feet of open space decks, patios and green space and respectfully request the City Council waive the strict adherence to the section.

We are also submitting an application for a Special Permit from the City Council for an increase in the lot coverage area to allow for a restaurant associated patio area adjacent to the sidewalk. This area is reflected on the attached project plans.

Please advise if you need any additional materials. We look forward to working with the City of Marlborough.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark C. O'Hagan", is written over a faint, larger signature.

**Re: Request to Extend Sewer Connection Permit for the Campus at  
Marlborough – 100 Campus Drive, Marlborough, Massachusetts**

Dear President Clancy:

On behalf of Hines Global REIT Marlborough Campus I LLC (the “**Applicant**”) and in connection with proposed development of Phase Two of the Campus at Marlborough (the “**Campus**”), we are pleased to submit this request to the Marlborough City Council (the “**Council**”) for extension of an existing Sewer Connection Permit. Approval of this request will enable the Applicant to continue its efforts to develop the Campus and attract new business to the City of Marlborough.

The first phase of the Campus was constructed in the 1990s and consists of four buildings containing approximately 532,000 square feet of commercial office space inclusive of approximately 57,000 square feet of amenities, including a full-service cafeteria, a fitness center and a conference center with a 300-seat auditorium, along with approximately 1,494 parking spaces. On December 19, 2005, the Council granted a Sewer Connection Permit, which was extended by the City Council until December 2, 2018 (as so extended, the “**Existing Sewer Permit**”). The Existing Sewer Permit, together with a Site Plan Permit (the “**Site Plan Permit**”) granted by the Marlborough Site Plan Review Committee on November 22, 2005, allowed for development of the Campus’s second phase, which is planned to include five (5) new buildings containing approximately 650,000 square feet of office space, and 2,528 net new surface and structured parking spaces. At this time, the Applicant proposes no changes to the development plans for Phase Two, except all final construction plans will be updated to ensure compliance with current stormwater rules and regulations.

Over the past several weeks, the Applicant has worked with City staff to extend the Site Plan Permit and the Existing Sewer Permit to facilitate development of Phase Two at the Campus. Based on discussions between the Applicant and City staff, we have requested that the Site Plan Review Committee vote to extend the Site Plan Permit for two years, until December 2, 2020. On October 5, 2018, the City's Department of Public Works confirmed that sewer capacity for the project still remains. Therefore, we respectfully request an additional extension of the Permit through December 2, 2020, to facilitate marketing efforts and advance to construction of Phase 2.

We have enclosed the 2005 Sewer Connection Permit, together with the most recent extension. Upon your review and confirmation that this request is complete and otherwise in order, we would appreciate your assistance in coordinating with the Council.

Thank you.

Very truly yours,

Brian W. Duggale, as Attorney for the Applicant

CITY CLERK'S OFFICE  
CITY OF MARLBOROUGH

2018 OCT -4 A 8:02

The Ad-Hoc Municipal Aggregation Committee met on September 27, 2018 from 2:32 PM to 3:10 PM in the Mayor's Conference Room. The following individuals were in attendance:

Ad-Hoc Municipal Committee members:

- Chief Procurement Officer Beverly Sleeper
- Mayor Arthur Vigeant
- City Councilor Michael Ossing (Chairman of the Ad-Hoc Municipal Aggregation Committee)
- Members absent: - DPW Commissioner John Ghiloni and City Council President Ed Clancy

Additional individuals at the meeting:

- City Councilor Dave Doucette
- City Solicitor Don Rider
- Colonial Power Representative Mark Cappadona

The following items were discussed:

1. **Minutes of the March 22, 2018 Ad-Hoc Municipal Aggregation Committee meeting.**
  - The Committee approved the meeting minutes and will submit to the City Council for information.
2. **Council Update.**
  - The Committee was informed that the City Council April 2, 2018 agenda included the City Council notification of the six-month fixed price contract with Public Power from the May 2018 meter reads through November 2018 (Agenda item 8) and the Ad-Hoc Municipal Aggregation Committee meeting minutes of March 22, 2018 (Agenda item 20).
3. **Review the results of the RFP issued in July 2018**
  - The Chief Procurement Officer indicated that Colonial Power was awarded the City's municipal aggregation energy consultant/broker services contract. Colonial Power was the most highly advantageous bidder.
4. **Review bids for the next six months of electricity supply (November 2018 – May 2019 – first meter read will be in December and the final meter read in May 2019):**
  - Colonial Power presented a spreadsheet (Attachment 1) with the three vendors who submitted bids to supply the City with electricity for the six-month period from November 2018 through April 2019.
  - Colonial Power indicated that the National Grid Fixed Basic Service rate for this period will be 0.13718 \$/kWh. The National Grid basic service rate history and Colonial Power's forecast of future National Grid rates are presented in Attachment 2.
  - The Committee reviewed the bids (Attachment 1) and unanimously selected Direct Energy Services, LLC (Direct Energy) as the supplier for the November 2018 to May 2019 period with a 3 – 0 vote. Direct Energy (Supplier 2) was the lowest bidder with a fixed price electricity supply rate of 0.13650 \$/kWh.
  - Assuming a residential customer uses 600 kw/month, the Marlborough resident supplied by Direct Energy would save \$0.41 each month over the National Grid Fixed Basic Service Rate.

- The Committee noted the following:
    - If the resident uses Direct Energy, the 600 kw/month would cost \$81.90 ( $600 \times 0.13650$ ). The corresponding National Grid rate would be \$82.31 ( $600 \times 0.13718$ ) – thus the \$0.41 monthly savings.
    - The Committee noted that the National Grid electricity supply rates are increasing by 26% for the winter period. This was discussed at the committee meeting in March 22, 2018 and forecasted correctly (Attachment 2). This will result in higher electric bills for consumers when compared to the current summer rate from Public Power of 0.10159 \$/kWh. The summer rate for 600 kw/month cost \$60.95 ( $600 \times 0.10159$ ). Therefore, consumers using 600 kw/month of electricity can anticipate a \$20.95 ( $81.90 - 60.95$ ) increase in the supply side portion of their electricity bill.
  - **Bottom line, the rate for the electricity supply portion of the bill is increasing for the December 2018 – May 2019 period. The residents who participate in the municipal aggregation will save money (though a small amount) over the National Grid Fixed Basic Service Rate.**
  - The Committee acknowledged that if Marlborough residents want to use only “green” Renewable Energy Certificates (RECs) for their electricity, they could contact Direct Energy and have an electricity supply rate of 0.13710 \$/kWh. This information will appear on the City website when Colonial Power has the new rates posted in November.
  - The Committee acknowledged that the electricity supply rates will be going down for the summer period (May 2019 to December 2019) due to the increased gas supply in the region. Based on this, the Committee requested the Chair submit an order to the City Council that will allow longer contracts that may be beneficial over the long run but may be slightly higher than National Grid. **ACTION: M. Ossing**
- 5. Municipal Aggregation for Gas Supply.**
- The Chair contacted the Department of Public Utilities (DPU) regarding municipal aggregation for gas supply. The DPU indicated that there are no municipalities currently with a gas supply municipal aggregation program. The DPU did indicate that consumers can go on the DPU website and can review and select gas suppliers on an individual basis.
- 6. Other Business.**
- The September 27, 2018 Ad-Hoc Municipal Aggregation Committee meeting minutes will be submitted to the City Clerk to be included in a future City Council agenda. **ACTION: M. Ossing**
  - The Chairman will prepare a letter to the City Council informing the Council of the actions of the Ad-Hoc Municipal Aggregation Committee regarding the new rates and vendor for the November 2018 to May 2019 period. **ACTION: M. Ossing**
  - The Chair noted that only one resident is participating in the “green” Renewable Energy Certificates (RECs) for their electricity supply.
  - The Ad-Hoc Municipal Aggregation Committee plans to meet in March 2019 period to discuss residential electricity supply for the period of May 2019 to November 2019.

Attendees: Robert Fagone, Alan Slattery, Melanie Whapham

Absent: Samantha Khosla, Lee Wright

The meeting was called to order 7:06 PM

Chair Fagone noted that there were no visitors sitting in at our meeting, and that our last meeting did not hold a quorum: no minutes to review. Chair noted for the record that Melanie Whapham had been approved by the City Council Personnel Committee.

Discussion: Chair informed the committee that he has been in correspondence with State agencies and local residents on a regular basis; that the position of Chair required attention to daily details as well as working up notes for future agenda items. Committee confirmed that historical commission items to be addressed with State and local agencies and with local residents that did "not affect" any individual's rights could be handled by the Chair at his discretion without calling for a public meeting.

Fagone spoke at a recent Marlborough Rotary Club meeting and introduced the idea of historic preservation "by Education", not just historic preservation "by Ordinance." Well received.

Museum in the Streets © as a project is moving along rapidly. A contract has been signed among the 3 principals: City of Marlborough (Marlborough Historical Commission), Marlborough Historical Society, and Museum in the Streets © LLC.

Discussion followed on the "To Do" List last presented at the last quorum session. Committee agreed that we should concentrate on those "to do" items before moving on to newer projects.

1) Historic Home Signs. Fagone presented examples from Weston Historical Commission's signage. These signs were simple and attractive. Committee suggested that Weston's examples should be used as templates for Marlborough's Name project. Fagone will be in touch with Assabet Vocational's John Hughes on Wednesday October 10 to discuss specifics of sign development for Marlborough historic homes.

2) Melanie Whapham had developed a spread-sheet listing out all historic homes named in the 1994-95 Preservation List. She will begin to condense this list into a more manageable list of "targeted" homes to be preserved that includes "Family Names" and/or "Names of Builders" associated with each structure.

3.) Melanie Whapham has condensed the texts of "Demolition Delay Ordinances" from a half dozen surrounding communities to help our Committee see how others are addressing demolition of historic properties as they move ahead with economic development.

4.) Melanie Whapham has also developed a draft copy of a proposed Demolition Delay Ordinance (from the above sources) that the Committee will use in preparing a later presentation to the Mayor and the City Council about this subject. This has to be discussed further in Committee before continuing.

5.) Chair spoke with Building Commissioner about pitfalls of Demolition Delay Ordinances in general. He specifically suggested that the Committee begin with preparing a "List" of targeted properties that could be discussed openly as worthy of preservation. See Above.

Discussion "Scenic Roads" Design. Chair presented internet examples of street signs compatible with DPW Marlborough Street Signs. Next contact to be made with DPW. Marlborough has 28 Scenic Roads designated by City Council June 22, 1992.

Discussion: Committee confirmed to keep on track with only Marlborough-based, focused projects.

Next meeting set for November 8, 2018.

No further business, committee adjourned 8:13 PM.

Respectfully submitted

Absent - Gail Yosca, David Friess, Edson Farias, Darren McLaughlin, Tino Pizzarella

I. Welcome and Introductions

- a) Reviewed agenda.

II. SIP

- a) Goal 1: Strengthen PLCs (Professional Learning Communities). Team-based approach, common planning time, project-based learning (aside on grading team-based projects: 60% team grade, 40% individual grade). PD at beginning of year for all 9<sup>th</sup> grade teachers about team-based approach to teaching. Came up with "Surviving and Thriving".
- b) Goal 2: Implement school-wide literacy focus: 1/3 students coming out of middle school entering HS below reading grade level (2 levels). These students are doing remedial reading rather than world language as freshmen. 2 reading teachers were hired to work with students identified as significantly below grade level. Research-based vocabulary. Writing with colors.
- c) Goal 3: Deepen level of student personalization to support student academic and social/emotional growth. Small learning communities. Relocation of teachers so that teams are clustered together (9<sup>th</sup> and 10<sup>th</sup> grade teams). Hildreth has advisory period in which students learn soft skills: mindfulness, conflict resolution strategies, take stress reducing walks in morning, executive function skills, organization skills. Heather: action step for goal 3 for panther period – small group, easy time to connect with kids, often is the one place kids will feel comfortable going to a teacher.
- d) Goal 4: Expand early college opportunities with QCC: certification programs (help desk, manufacturing tech, CNC tech, EMT tech). Associates degree in Computer Systems Engineering tech. Some classes are offered here (by trained MHS teachers) others are at QCC in their labs. Dual enrollment – students get credit for class for both HS and college.
- e) Goal 5: expand work-based learning opportunities. Starts with career exploration freshman year on Naviance. Empower students to make choices. Expand internship opportunities with goal of seeing what students like/don't like. St Mary's used to be here at HS. Why not bring them back to allow students work experience right at MHS? Fine arts thematic learning experiences – don't have any internship at this point. Julie Baker looking into opportunities such as working with alumni. What about talking with people who run Paradise City Arts Festival? What about other parts of the arts, music? Not just performance but sound/music production, sound recording, for example? College/career readiness October 10<sup>th</sup>. Some juniors/seniors will be taking PSAT/SATs but those who are not will be visiting a number of local colleges (Framingham State, Newbury College, U Lowell, Suffolk, QCC).

III. Future Meetings suggestions

- a) Where is new principal heading? What are his plans?
- b) MCAS scores
- c) Survey results (fill Dan in on survey)
- d) Mandates, scheduling, lack of time: specifically music program is suffering. Numbers down. Changing demographic in Marlborough. How to get immigrant population involved in music program? How to market music at Whitcomb?

Call to Order 2018 OCT 11 A 11: 50

September 10, 2018

The Meeting of the Marlborough Planning Board was called to order at 7:00 pm in Memorial Hall, 3<sup>rd</sup> Floor City Hall, 140 Main Street, Marlborough, MA. Members present: Barbara Fenby, Sean Fay, George LaVenture and Greg Gallagher. Also in attendance were City Engineer, Thomas DiPersio, City Solicitor, Don Rider and Planning Board Administrator, Krista Holmi.

### 1. Meeting Minutes

#### A. August 27, 2018

On a motion by Mr. Fay, seconded by Mr. LaVenture, the Board voted to accept and file the minutes of August 27, 2018 as amended. Motion carried.

### 2. Chair's Business

#### A. Planning Board Clerk – Organizational Vote

Following the retirement of Planning Board Clerk, Colleen Hughes, Chairperson Fenby opened the floor for replacement nominations. Mr. Fay nominated George LaVenture to serve as Clerk. There were no other nominations. On a motion by Mr. Fay, seconded by Mr. Gallagher, the Board voted to have George LaVenture serve as the Board's clerk. Motion carried.

#### B. Open Space and Recreation Committee Update

Chairperson Fenby informed the Board that the Open Space and Recreation Committee continues to seek feedback from the public regarding the open space plan. Members (and the public) are encouraged to provide input on the plan, particularly with respect to any parcels (large or small, such as opportunities for small park locations) worthy of preservation. Feedback is extremely important since potential grants often include a demonstration of the City's interest and public support. Mr. Fay asked whether the Committee had given any thought to the need for an additional cemetery in the City. Ms. Fenby said that was not mentioned but is a good consideration for the committee.

#### C. Chairperson Fenby provided an informational update regarding preliminary plans for an overlay district on RT 20 East. City Engineer DiPersio added that the state has road reconstruction plans from the vicinity of Peters Avenue to the Sudbury line. Councilor Delano was also in attendance and described the conceptual plan which would include mixed-use opportunities with 1<sup>st</sup> floor retail and 2<sup>nd</sup> floor residential. Mr. Delano said the area would benefit from a new zoning district which would result in a more welcoming pedestrian layout with fewer curb cuts and traffic issues. The potential district would provide zoning consistency and encourage the "right kind of development", rather than a piecemeal, reactive approach. Mr. Delano offered to share the preliminary documents with the Board, noting that it is likely to change as additional feedback is provided. The Board will have the opportunity to provide formal comment in the future once the details are formalized and the Council refers the proposed overlay zoning to the Board.

### 3. Approval Not Required (None)

### 4. Public Hearings (continued)

- A. Council Order 18-1007287, Proposed Zoning Amendment Section 650-5, entitled "Definitions; word usage" Ancillary Residential Community, Section 650-17, entitled "Table of Uses" and addition to Section 650-22 Subsection C (14) Ancillary Residential Community requirements. Proponent, Brian Falk, Mirick O'Connell was present.

A request for extension on the discussion until September 24 was emailed to the Board after the agenda had closed. Mr. Falk indicated that they are in ongoing negotiations with the neighboring condominium association (related to sewer/water connections) and they wished to present the results of the negotiations at the next meeting. Chairperson Fenby reopened the hearing indicating the Board may have additional questions now. Mr. Fay failed to see how those negotiations directly related to the proposed zoning amendment. Mr. Fay asked whether the proposed amendment on the parcel adjacent to Crane Meadow also applied to the former Marlborough Airport property. Mr. Falk said only if the proposed ancillary residential community was part of a retirement community or located on a lot adjacent to a retirement community. (The Marlborough Airport property is not currently part of the Retirement Community Overlay District but was previously proposed for that purpose). Ms. Fenby indicated the hearing would be continued until September 24, 2018.

**B. Proposed Zoning Amendment 650 § 5B & 650 § 17 Ancillary Auto Sales, Council Order 18-1007224A**

On behalf of RK Centers and the Marlboro Nissan, Brian Falk of Mirick O'Connell returned to continue the discussion on the proposed amendment. Mr. Falk expressed that his client wished to expand operations across the street into the Joy Asia location. Mr. Falk provided a spreadsheet showing Class I, II and III auto sales locations potentially impacted by the proposed amendment. He noted that since expansion under the ancillary auto sales amendment would only apply to those currently in a business or commercial automotive zone, the number of properties affected would be less. Recognizing that the Mayor and Councilors had reservations about the city-wide impact, he presented two alternative proposals. Under the first alternative proposal, only those sites with a Class I (new car sales) designation would be included. This would reduce the potential impact to two locations in the City – Marlborough Nissan on RT 20 East and Colonial Ford on Maple Street. The second alternative would narrow the allowed locations to the business district east of Phelps St. This alternative would apply to three current locations. Both proposed alternatives remain beneficial to his client yet limit the potential impact in the city. Mr. Fay commented that he is having a hard time identifying the benefits of the zoning amendment to the City. He sees a benefit to his client, but the Planning Board must apply a set of standards to the decision. Mr. Falk indicated that his client's primary location is a pre-existing, non-conforming use and that other areas in the city are already spoken for or not viable. Since the City is actively exploring an overlay district in the RT 20 area affected by the proposed amendment, the Board questioned whether the Metropolitan Area Planning Council (MAPC) had weighed in on the proposed ancillary auto sales zoning amendment. On a motion by Mr. Fay and seconded by Mr. LaVenture the Board voted to ask MAPC whether they had contemplated the proposed auto ordinance and formulated an opinion. Motion carried.

**5. Pending Subdivision Plans: Updates and Discussion (Engineer's Report)**

- A. Goodale Estates: The developer has filed for bankruptcy. Mr. DiPersio said that Mr. White (contractor) has taken steps on his own to stabilize the drainage from the site. The subdivision approval expires on November 14, but Engineering has not received any communication from the developer on his plans for the property. On a motion by Mr. Fay and seconded by Mr. LaVenture, the Board voted to send a letter to the developer requesting an update on the project's status. Motion carried. Mauro Farms: Legal Dept. has reviewed plans and deeds prepared for acceptance. Mauro Farms must still request the Certificate of Compliance from the Conservation Commission. We are hopeful that the request will appear on the September 20 Conservation Commission agenda. Chairperson Fenby asked about acceptance of subdivisions such as Erin's Run. Response: A finalized Home Rule Petition will be required to address the acceptance of older subdivisions.

- B. Slocumb Lane (Blackhorse Farms): Request for bond reduction. On a motion by Mr. Fay, seconded by Mr. LaVenture, it was duly voted to accept and file the July 30, 2018 recommendation letter from Assistant City Engineer Timothy F. Collins and to reduce the bond securing the Blackhorse Farms – Slocumb Lane subdivision from \$101,000 to zero. Motion carried. The Board wishes to extend its appreciation to Attorney Beattie for his assistance in bringing the project to a successful conclusion and acceptance by the Marlborough City Council.
- C. Howe's Landing Subdivision - Request for reduction in bond and initiation of maintenance period. On a motion by Mr. Fay, seconded by Mr. LaVenture, it was duly voted to accept and file the September 6, 2018 recommendation letter from Assistant City Engineer Timothy F. Collins and to reduce the bond securing the Howe's Landing subdivision from \$234,000 to a (1) year maintenance bond of \$70,000. Motion carried. The following summarizes the remaining work items to be completed during the one-year maintenance period:
  - Review of As-Built and Acceptance Plans (Engineering and Legal Dept.)
  - Obtain Certificate of Compliance from the Conservation Commission
  - Evaluate and replace street trees as necessary

#### **6. Preliminary/Open Space/Limited Development Subdivisions**

- A. 72 Hager St. (Open Space Special Permit continued discussion.)  
Mr. LaVenture read the August 24, 2018 letter from Cathleen Liberty, Director of Public Health, into the record. The letter details that four lots in the proposed 72 Hager St. project have suitable soil to support subsurface soil absorption systems. The fifth lot had not been tested. (The proposed open space plan contains three house lots.) On a motion by Mr. Fay and seconded by Mr. LaVenture, the Board voted to accept and file the correspondence.

Mr. LaVenture read City Solicitor Rider's September 6, 2018 letter RE: Question of Fee Interest vs. Easement Interest in Stanczak Land into the record. On a motion by Mr. Fay, seconded by Mr. LaVenture, the Board voted to accept and file the correspondence. In Solicitor Rider's opinion, a fee interest in the abutting neighbor's land is required to meet the 5-acre open space development requirement. Mr. Fay complimented the work of the City Solicitor, but reminded the applicant representative, Peter Bemis of Engineering Design Consultants, that the City should not be shouldering the burden of legal work on the project. Mr. Rider pointed out that the Stanczak property is under a mortgage and may need the consent of the lender. Mr. Fay offered that the consent should not be difficult to obtain from a lender.

Mr. LaVenture read the September 7, 2018 letter from Conservation Officer Ryder RE: Hager St. Open Space Development Concept Plan into the record. As required by the Open Space Development Ordinance (OSD) 650-28, the letter details the Commission's written comments. Several issues need further applicant-provided detail including the following: Define the open space and adjacent wetland protection, define the Homeowner's Association agreement ensuring the long-term maintenance of the open space, and provide details of the Conservation Restriction.

(Framingham should be consulted, as a portion of the land is in abutting Framingham.) Accept and file motion by Mr. Fay, seconded by Mr. LaVenture. Motion carried.

Mr. Bemis addressed the Board questioning how to best approach the issue of the land shortfall in Marlborough. The Wambolts have ample land in Framingham. Can't that land be included? Mr. Rider explained that he doesn't have the details of a previously written memorandum addressing that approach, but he summarized the concept of borrowing across municipal lines. You can "borrow" from the Framingham land, provided the active use proposed for the land is allowed in the abutting community's zoning.
