**ASBESTOS**

All residential, commercial and institutional buildings are subject to Massachusetts Dept. Environmental Protection (MA DEP) asbestos regulations 310 CMR 7.15. Therefore, owners and/or operators (e.g. building owners, renovation and demolition contractor, plumbing & heating contractors, flooring contractors, etc.) need to determine all asbestos containing materials (both friable & non-friable) that are present at the site and whether or not those materials will be impacted by the proposed work prior to conducting any renovation or demolition activity.

The building has been investigated and/or evaluated for containing Asbestos. It has been determined that:

- **NO Asbestos (friable or non-friable) is now present on site** \_\_\_\_\_ initial

\_\_\_\_\_  
(print name and address of company that conducted the Asbestos survey – attach Survey results)

\_\_\_\_\_  
(print name and address of company that conducted the Asbestos Abatement – attach disposal ticket)
