Celebrate a Month of Reading

Established in 1998 to get kids excited about reading, National Reading Month has taken on a life of its own over the years. Kicking off with "Read Across America Day" on March 2, "National Day of Unplugging" on March 3, and "National Good Grammar Day" on March 4, we can't imagine a better activity to celebrate.

We're always adding fresh titles to our collection... see a sampling of [what's new on our shelves](#) this month!

Did You Know?

Did you know that we offer a variety of databases that are free for you to use with your library card? We've recently added some new ones, on subjects ranging from legal forms, to test prep, to fun, educational activities for kids.

We're thrilled to be collaborating with our friends at the Ashland Public Library to bring you these interactive author talks! Be sure to register in order to receive the Zoom links. These talks are going to be awesome!

Nevertheless, She Persisted

Women's History Month is an opportunity to recognize the impact that women have had on society throughout the years. To learn more, come check out the many films we've selected that feature women (some inspiring, some notorious) who left their marks on history.

Free COVID Tests Still Available

Stop by the library and pick up a free COVID-19 test kit, while they're still available!

Eat Well, Live Well
