Need library services while we're closed? We've got you covered! We've created a handy list of local resources to help you locate printing, faxing, public computers, other nearby CW MARS libraries, and more. If you need further assistance, please reach out using our online contact form at bit.ly/MPL_Contact_Form

Virtual Library Services

(Image: a library building, with the universal Wifi signal emanating from it)

We can't wait to see you at our grand reopening! In the meantime, don't forget all of the virtual library services that remain open for business, 24/7! Download free ebooks and audiobooks with the Libby app; stream thousands of films for free using Kanopy and KanopyKids; take advantage of our online databases for a wide variety of resources and information that you can access from the comfort of your own home. As for programming, enjoy one of several virtual author talks, spend a virtual evening

with FBI profiler Julia Cowley, and more!
