See the attached Narrative

Narrative for General Information:

This is an appeal taken under M.G.L. Ch 40A § 8, 13 and 14 to the Zoning Determination of the City's Building Commissioner dated March 15, 2023 as said determination affects premises at 785 thru 795 Boston Post Road East (Parcel Id # 61-22, #61-22A, #61-31).

The applicants requested an opinion of the Building Commissioner as to whether the premises as constituted is zoned for the sale of used motor vehicles pursuant to a "Class 2 License" as said license is defined in M.G.L. Ch 140 § 58 (c); that is to conduct the purchase and sale of secondhand motor vehicles.

The nature of this appeal is a request of this Board to find that the sale of used motor vehicles pursuant to a Class 2 License is not a change in the use of the subject premises but, if so found, the use is not a change in a manner substantially different from its current use. Further, the Building Commissioner's determination is contradictory, and leaves open the question of whether the proposed use is actually a "change". His opinion states that the proposed use as shown is a "change" but implies that if it is not a change in use, it is a use to a "substantially greater extent". Therefore, in the event this Board finds the proposed use is not a change in use, it must find that said use is not for a purpose the extent to which is substantially greater than its current use as a legal pre-existing nonconforming usage for the sale of junk/salvaged vehicles and parts under its current Class 3 License.

Provide below all section of the Zoning Ordinance (Chapter 650, Article(s), Section(s), Paragraph(s), Subsection}(s), which are pertinent to the Variance and/or Special Permit request (see zoning Determination letter attached)

**RE: 785 thru 795 BOSTON POST ROAD EAST PARCEL ID #61-22, #61-22A, #61-31
PROPOSED CLASS 2 LICENSE AUTO SALES**

Mr. Dionisi,

This office has reviewed your letter dated September 19, 2022 with a request for zoning status in connection with a proposed new "Class 2 License" type of use on the property. This office previously requested additional information regarding your request. In March of 2023, you provided certain additional information including proposed preliminary exhibit plans dated, March 6, 2023, Sketches 1-3 by Thompson-Liston Associates to add to your client's existing Class 3 License use with a proposed new layout of the above listed parcels for a new Class 2 License use. Based on your letter and the information you provided, this office offers the following initial comments:

- 1) The property is located in Wayside Zoning District. The existing Class 3 License use is legal pre-existing nonconforming use of approximately 36 unit Used Auto Sales (Salvaged vehicles).
- 2) The proposed Class 2 License, Used Auto Sales use is approximately 362 units, used auto sales capacity and used auto display capacity. The existing and new proposed use automotive sales and service and the junkyard are not allowed in the Wayside Zoning District under the "Automotive sales and service (25), Business Use category" is not permitted per Chapter 650, Article 17, Table of Use Regulations of the City Code of Marlborough.

**POST ROAD AUTO
PROPOSED CLASS 2 LICENSE AUTO SALES**

- 3) The existing junk car inventory under the current Class 3 license is approximately 1000 vehicles (current license does not have a count limitation) annually over a last 7-year period. The new proposal is showing a reduction to 400 vehicles. The applicant proposes to retain their Class 3 license in addition to applying for a new Class 2 license.
- 4) The plans presented show a "change" in use which will be subject to compliance with the City's Zoning Ordinance. The new Use has been determined to be in a manner substantially different from the previous use and/or to a substantially greater extent. Per Section 650-12B, Nonconforming Uses, a section 6 finding special permit from the Marlborough City Council will be required. Additionally, a formal Site Plan Review with detailed site plan drawings will be required with the special permit.
- 5) Even if a lawful pre-existing nonconforming use or structure is established, the proponent must also demonstrate that the protection afforded to same has not been lost due to non-use or abandonment, and can comply with the other provisions in City Ord. 650-12(B) (i.e. 25% max enlargement of floor/ground area).
- 6) This letter is only relative to the zoning status and does not address any requirements of any other applicable law, ordinance, or regulation.

You have a right to appeal this determination as stated in the City Code Section 650-58. An appeal may be taken to the Zoning Board of Appeals by filing a Notice of Appeal within 30 days of the date of this denial letter. Further information should be obtained from the Board of Appeals secretary at 508-460-3768.

The code in its entirety may be found at www.ecode360.com/MA1056
