Re: Proposed Amendment to Marlborough Zoning Ordinance Article VI, Section 650-39A: Sasseville Way Residential Overlay District (the "Proposed Amendment") – Authorization Letter from Owner

Dear Mayor Vigeant and Members of the City Council:

I am writing on behalf of Boston Scientific Corporation (the "Owner"), owner of that certain property located off of Sasseville Way, Marlborough, Massachusetts, Assessors' Map and Parcel Number 29-23 (the "Property"). An affiliate of Trammell Crow Company ("TCC") is under contract to purchase the Property from Owner, and on July 12, 2023 filed the Proposed Amendment with the City Council. On behalf of Owner, I hereby confirm that Owner authorized, joined with and supported TCC to act as the applicant and take all actions of an applicant in connection with the Proposed Amendment.

This authorization includes the right of TCC to employ such attorneys and consultants as it deems advisable in connection with any proceedings before the City Council, or other applicable proceedings, relating to the Proposed Amendment or any project enabled thereby.

Very truly yours,

Timothy Nelson
Senior Manager
