WHAT SHOULD BE
ENCOURAGED OR
DISCOURAGED FOR
FUTURE USES, BUILDING
AND PUBLIC REALM
IMPROVEMENTS?

Please join us to provide feedback on a draft district vision, goals, and strategies for the Donald Lynch Boulevard area at the second community meeting for this process to help set the direction for district recommendations.

The City of Marlborough seeks to create a shared vision for the future of Donald Lynch Boulevard and the surrounding Limited Industrial area. This planning process will use the vision to define changes in zoning or other investments that will guide the commercial corridor toward that vision. Donald Lynch Boulevard can be strengthened as a destination in the City, a continued source of tax revenue, and a vibrant and walkable district that attracts a new generation of investment and activity.
