Karen:

My client owns Alta Behavioral Health, which they intended to open at 400 Donald J. Lynch Blvd. They also own Meta Behavioral Health, which presently operates in Haverhill and North Reading.

It is easier for them to simply open a third location for Meta Behavioral Health at 400 Donald J. Lynch Blvd, as opposed to starting Alta as a new company at that location.

As such, they are inclined to transfer this special permit application to Meta (or make Meta the applicant - whatever procedurally works). Nothing else is changing, same use etc.

Sorry for the late notice. We will see you at 730PM tonight and can discuss how to best proceed, but wanted to give you and the council a heads up.

Thank you,
