**Motion to Approve HUD
Section 8 Utility Allowance Schedule for 2018**

Whereas, U.S. Department of Housing & Urban Development mandates that every calendar year that local housing authorities conduct a utility allowance report for their Section 8 Housing Voucher Program.

Whereas, in October of 2017 the MCDA commissioned - with the Hudson Housing Authority - for an updated utility allowance schedule for calendar year 2018.

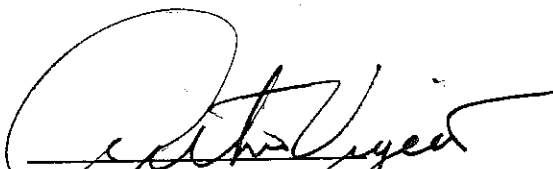

Whereas, the utility allowance covers Natural Gas, Bottled Gas, Oil, Electric, and Coal based systems and is segmented by type of property and bedroom size.

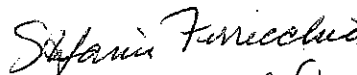

Whereas, the MCDA officially adopts the 2018 Utility schedule which is attached.
